Counsel,

Uniloc cites to Dr. Easttom's declaration solely for the proposition that "a POSITA would understand that the entity intercepting a message would not be one of the intended recipients of that message. EX2001 ¶¶ 8-9. In other words, a POSITA would understand that the device that is intercepting a message would be a third party to the intended recipients of that message."

Under these circumstances, Uniloc believes a cross examination of Dr. Easttom is a waste of the parties' time and resources. If you still disagree, Uniloc would not oppose a motion to strike Dr. Easttom's declaration.

Regards,
Brett
