WHAT WE DO

Unified counters the risk and cost of NPE litigation by protecting strategic technologies. Unified's unique solution partners startups, SMBs and large companies and then proactively deters NPE activity using deep patent expertise, monitoring, market intelligence, advisory services, and USPTO challenges. By protecting a strategic technology, Unified mitigates NPE risk for its members' most important products and services.

MANAGEMENT

Kevin Jakel

CEO

kevin@unifiedpatents.com

Kevin has over a dozen years of intellectual property experience, much of it spent defending technology companies from attacks by NPEs, both as outside counsel and as in-house counsel. Most recently, Kevin served as Intuit's Head of IP Litigation managing a docket of mostly NPE cases. In this role, Kevin teamed with other companies such as Google, Verizon, and others on joint defense, legislative reform, and judicial efforts to combat the NPE problem.

Prior to Intuit, Kevin was a patent litigator with Kaye Scholer LLP and Howrey LLP where he represented clients in various technology areas, including high-speed routing, thin-client computing, electrical connectors, and telecommunications. He began his career in IP as a patent examiner at the U.S. Patent & Trademark Office. Kevin has a JD from George Washington University Law School and a BS in mechanical engineering from UCLA.

Shawn Ambwani

COO

shawn@unifiedpatents.com

Shawn is COO of Unified Patents. Responsible for sales, marketing, and operations. He is Chair-elect of Licensing Executives Society (LES) US / Canada - High Tech Sector (HTS). An accomplished software and intellectual property executive and successful entrepreneur whose last 2 startups went IPO.

Previously he was VP of Licensing and Business Development at Intertrust Technologies, Inc. responsible for patent and technology licensing programs with over \$500 million in revenue. In the past, he was EVP at Nextreaming (NASDAQ) - where he was General Manager of their Platform Division, an enterprise media software solution, before being sold to Hutchison. He also co-founded Envivio (NASDAQ: ENVI), a France Telecom spun off to develop MPEG-4 solutions for the broadcast, cable network, and content developer markets. Previously he worked at France Telecom. He has a Math degree from UCLA and JD/MBA from Boston University and is a member of the California Bar.
