Case IPR2018-01011  
Patent 9,639,876

**PATENT OWNER'S UPDATE TO MANDATORY NOTICES  
PURSUANT TO 37 C.F.R. § 42.8**

Pursuant to 37 C.F.R. § 42.8(a)(3), Patent Owner DDR Holdings, LLC provides updated information to its mandatory notices in connection with the above-captioned Petition, reflecting a change of the information stated in earlier mandatory notices.

Both Petitioner and DDR have advised the Board of the pendency of related pending patent application Serial No. 15/582,105. The prosecution of that application has now been completed. The PTO sent a Notice of Allowance on April 4, 2019, and DDR immediately paid the issue fee.

DDR provides notice of the PTO's Notice of Allowance and enters the Notice of Allowance (with about thirty pages of search notes and search history removed as unnecessary) and a copy of the allowed claims into the record as Exhibit 2034. We understand that the Board members have access to the entire file history through the PTO's computer system, but we are willing to file the complete file history as an exhibit if the Board wishes.

The '105 application is related to this proceeding in part because it is a continuation application having the same specification, because the claims have certain similarities, and because the examiner reviewed the same references, including making findings addressing references used in the Petition here.

Respectfully submitted,

Dated: April 23, 2019
