Re: Corrected Petition for *Inter Partes* Review of U.S. Patent No. 8,791,154

Dear Patent Trial and Appeal Board,

Today, June 5, 2018, Petitioners submitted a Petition for *Inter Partes* Review of U.S. Patent No. 8,791,154. Immediately after submission it was found that the page numbers and the separator between the text and footnotes within the petition document were missing. Petitioners immediately corrected the errors and uploaded a Corrected Petition for *Inter Partes* Review of U.S. Patent No. 8,791,154. This Corrected Petition is identical to the original Petition in all material ways and includes the following: 1) page numbers, 2) the footnote separator, and 3) the addition of this letter to the Table of Exhibits as EX1042. A second Table of Exhibits was also submitted that includes EX1042.

Sincerely,

/Alissa Pacchioli/
