

To learn more about the financial services offered, call one of our Support Coordinators a through Friday, 8:30 AM to 8 PM ET. Support is available in Spanish.

*Depending on your income or, in some cases, if your medication is obtained from an out-of-network provider that limits the amount of assistance that you can receive over one year. Federal and state laws and other factors restrict eligibility. People covered by Medicare, Medicaid, the VA/DoD, or any other federal plans are not eligible to enroll in the \$0 Copay Program for as long as you are treated with a Biogen relapsing MS medication.

IMPORTANT SAFETY INFORMATION

Do not use Tecfidera® (dimethyl fumarate) if you have had an allergic reaction (such as welts, hives, swelling of the face, lips, tongue, or difficulty breathing) to TECFIDERA or any of its ingredients.

Before taking and while you take TECFIDERA, tell your healthcare provider about any low white blood cell count or other medical conditions.

IMPORTANT SAFETY INFORMATION AND INDICATION

Tell your healthcare provider if you are pregnant or plan to become pregnant, or breastfeeding or plan to breastfeed. TECFIDERA will harm your unborn baby or if it passes into your breast milk. Also tell your healthcare provider about all the medicines you are taking, including prescription, over-the-counter, or herbal supplements. If you take too much TECFIDERA, call your healthcare provider or the nearest hospital emergency room right away.

Please see full [Prescribing Information](#) and [Patient Information](#).

This is not intended to replace discussions with your healthcare provider.

Indication

Tecfidera® (dimethyl fumarate) is a prescription medicine used to treat relapsing forms of multiple sclerosis, including relapsing-remitting disease, and active secondary progressive disease, in adults.
