1 (Proceedings begin at 12:59 p.m.) 2 JUDGE JUNG: This is the oral hearing for IPR 2018-01448, 3 -01449, and-01450. In these proceedings, petitioner, Jubilant 4 Draximage, challenges claims of U.S. Patent Nos. 9,299,467 5 6 and 9,299,468, both of which are owned by Bracco 7 Diagnostics. 8 Starting with the petitioner's counsel, and followed 9 by the patent owner's counsel, would you please state your 10 names for the record. MR. HAILS: Robert Hails for Jubilant Draximage. 11 12 JUDGE JUNG: Thank you. 13 MR. WALKER: Cy Walker, Baker Hostetler, also for 14 Jubilant. 15 JUDGE JUNG: Welcome, Mr. Walker. 16 MR. SCHINDLER: Harry Schindler for the patent 17 owner. 18 With me is Heath Briggs, and there are some others. Julie Bookbinder is our colleague from Greenberg Traurig. 19 20 And there are the two Bracco representatives, Vito 21 DeBario and Guyan Liang. I'm terrible with names, so 22 apologize. 23 JUDGE JUNG: Welcome to you all. 24 MR. SCHINDLER: Thank you, Your Honor.

IPR2018-01448 (Patent 9,299,468 B2) IPR2018-01449 (Patent 9,299,467 B2) IPR2018-01450 (Patent 9,299,468 B2)

1 JUDGE JUNG: As we stated in the trial hearing 2 order, each party has one hour of total time to present their arguments for all three cases. You may present your cases in 3 4 any order that you wish, just make it clear which case you 5 are talking specifically about. 6 Petitioner will proceed first, followed by patent owner, and each side may reserve time for rebuttal. 7 8 Two reminders. Please refer to your demonstratives by slide number. And if you have an objection, do not 9 10 interrupt the presentation to make that objection, please 11 save it towards the end of the presentation. 12 And I noticed there's no objections to the 13 demonstratives in the record, so I just want to verify that. 14 Mr. Hails, is that correct, there are no objections 15 to patent owner's demonstratives? 16 MR. HAILS: That's correct, Your Honor. 17 JUDGE JUNG: And Mr. Schindler, no objections to 18 petitioner's demonstratives? 19 MR. SCHINDLER: Yes, Your Honor. 20 JUDGE JUNG: Okay. Thank you. 21 All that said, Mr. Hails, you may proceed when 22 you're ready. 23 MR. HAILS: Thank you, Your Honor. 24 Can you give me one moment, please?

IPR2018-01449 (Patent 9,299,467 B2) IPR2018-01450 (Patent 9,299,468 B2) 1 (Pause in the proceedings) 2 MR. HAILS: All right. Good afternoon. May it 3 please the Board. 4 Again, Bob Hails representing Jubilant Draximage. 5 I'd like to reserve, let's call it 20 minutes for 6 rebuttal time, please. JUDGE JUNG: You may begin. 7 8 MR. HAILS: Thank you. All right. So you've seen the demonstratives and 9 10 you've seen the arguments in all three IPRs. 11 We obviously have a structured presentation for you 12 today, but certainly, if there are any questions or if there 13 are any issues that you want us to focus on, please let us 14 know and we'd be happy to accommodate you. So going through the demonstratives. The first 15 16 couple slides are just introductory, repeating the claim 17 language in case we need it. 18 On Slide 5, we have just a reminder at a high level, 19 you know, how -- the structure of the prior art, the primary 20 reference Klein matches up against the -- the claims, and we 21 took Claim 1 from the '467 patent just as a representative 22 example. 23 The claim refers to a shielding assembly for a

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

### API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### **LAW FIRMS**

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### **FINANCIAL INSTITUTIONS**

Litigation and bankruptcy checks for companies and debtors.

## **E-DISCOVERY AND LEGAL VENDORS**

Sync your system to PACER to automate legal marketing.
