

Korlym Prices, Coupons and Patient Assistance Programs

Korlym (mifepristone) is a member of the progesterone receptor modulators drug class and is commonly used for Cushing's Syndrome.

Korlym Prices

This Korlym price guide is based on using the **Drugs.com discount card** which is accepted at most U.S. pharmacies. The cost for Korlym oral tablet 300 mg is around \$12,637 for a supply of 28 tablets, depending on the pharmacy you visit. Prices are for cash paying customers only and are not valid with insurance plans.

Korlym is available as a brand name drug only, a generic version is not yet available. For more information, read about **generic Korlym availability**.

Oral Tablet

- 300 mg Korlym oral tablet		from \$12,636.78 for 28 tablet
Quantity	Per unit	Price
28	\$451.31	\$12,636.78
Important: When there is a range of pricing, consumers should normally expect to pay the lower price. However, due to stock shortages and other unknown variables we cannot provide any guarantee.		

Drugs.com Printable Discount Card

The free Drugs.com Discount Card works like a coupon and can save you up to 80% or more off the cost of prescription medicines, over-the-counter drugs and pet prescriptions.

Please note: This is a drug discount program, not an insurance plan. Valid at all major chains including Walgreens, CVS Pharmacy, Target, WalMart Pharmacy, Duane Reade and 63,000 pharmacies nationwide.
