Dear Counsel:

A call with the panel is not necessary at this time. The panel authorizes a two month extension to Patent Owner's Opposition to Petitioner's Motion for Joinder. An order memorializing this extension will follow.

Your Honors,

On Wednesday, Patent Owner reached out to Petitioner to request that the briefing calendar for the motion for joinder be merged with the preliminary response date or, alternatively, a two week extension be given to respond to the motion for joinder. Petitioner does not oppose a two week extension for Patent Owner's opposition, under the assumption that the additional delay in briefing will not negatively impact the substance of the motion. Specifically, Petitioner understands that the decision on the joinder motion assesses the proceedings as of the filing date of the joinder motion and does not oppose a two week extension with the understanding that the additional delay will not cause a change in either of the relevant proceedings that negatively impacts resolution of the joinder motion relative to when the joinder motion was filed. Petitioner is generally available for a conference call on Monday, December 10, 2018.

Best Regards,
Jeremy

To the Honorable Board:

In the above-referenced six cases, in view of their procedural posture, Patent Owner requests a call with the Board to seek leave to extend the deadline for Patent Owner's response to Petitioner's Motion For Joinder And/Or Consolidation, due December 10, 2018, so that it is co-extensive with the deadline for preliminary responses.

Patent Owner contacted Petitioner regarding this request, and has not yet heard back regarding whether Patent Owner opposes or its availability for a conference call with the Board if necessary.

Respectfully submitted,
Sangeeta G. Shah
