Dear Board,

Patent Owner respectfully requests that the Board accept for filing its Preliminary Responses and exhibits in IPR2019-00235 and IPR2019-00236, or in the alternative, extend Patent Owner's deadline for the Preliminary Responses by one day.

Petitioners do not oppose this request.

Some of Patent Owner's documents were filed before the midnight Eastern Time deadline last night, but some did not make it through the system until just after the deadline. In the 235 matter, it appears that the last of the documents were processed and input to the system by 12:01 AM ET. In the 236 matter, it appears that the last of the documents were processed and input to the system by 12:08 AM ET. Given the length of the delay in filing, we do not believe there is any prejudice to Petitioners or impact on the scheduling of the two IPR proceedings.

We are available for a conference call should the Board consider one necessary.

Thank you,
Reza
