renner@fr.com
monaldo@fr.com

ON BEHALF OF PATENT OWNER UNILOC 2017 LLC:

BRETT MANGRUM, ESQUIRE
ETHERIDGE LAW GROUP
2600 East Southlake Boulevard
Suite 120
Southlake, Texas, 76092
469.401.2659
brett@etheridgelaw.com

ALSO PRESENT:
MATT CLEMENTS, APPLE

The above-entitled matter came on for hearing on Thursday, April 23, 2020, commencing at 1:00 p.m. EST, by video/by telephone.

1 P R O C E E D I N G S

2 JUDGE BAER: All right. Good afternoon,
3 everyone. I think we're ready to go. We have,
4 this afternoon, our hearing for both
5 IPR 2019-00251 and 2019-00510, between Petitioner,
6 Apple, and Patent Owner, UNILOC. I'm Judge Baer,
7 and Judges Medley and Smith are here as well. So
8 the way this is going to work is we're going to
9 start with the 2019-00251 case, which is the case
10 addressing the '049 patent. We'll do that full
11 hearing, and then what we'll do is we'll take a
12 short break, and we'll then pick up, then, with
13 the 2019-00510 case, which is patent -- the
14 '079 patent.

15 For the record, let's go ahead and get the
16 party's appearances if we could. Who do we have
17 for Petitioner Apple?

18 MR. RENNER: Thank you, Your Honor. This
19 is Karl Renner, and I'm joined by Jeremy Monaldo,
20 as well as Matt Clements, from Apple.

21 JUDGE BAER: Great. And, Mr. Renner, will
22 you be presenting argument in both cases?

23 MR. RENNER: Your Honor, Jeremy Monaldo
24 and I will be dividing the responsibilities and

1 the presentations.

2 JUDGE BAER: So will you be splitting the
3 cases, one doing one case and the other doing the
4 other; is that correct?

5 MR. RENNER: He and I will both be
6 splitting the case in the first instance, the 251
7 proceeding; and the second proceeding, it will
8 likely be Mr. Monaldo only.

9 JUDGE BAER: Okay. Great.

10 And who do we have for Patent
11 Owner, Uniloc?

12 MR. MANGRUM: Good afternoon, Your Honor.
13 This is Brett Mangrum, counsel for Patent Owner.
14 I will be speaking in both cases, and I believe I
15 am the only person on the line for Patent Owner
16 today.

17 JUDGE BAER: Great. Thank you,
18 Mr. Mangrum. Welcome to you all. It's good to
19 have you here. We certainly appreciate everybody
20 making the effort to be here and to accommodate
21 these sort of unusual circumstances and doing this
22 video conference. We appreciate everybody being
23 flexible with that.

24 So we set forth the procedure in our trial
25 order, but just a quick reminder: The parties

1 will have 45 minutes of total time to present
2 their argument in each proceeding. So 45 minutes
3 total time for the 251 case, and 45 minutes of
4 total time for the 510 case. We do have the full
5 record and the slides that you-all sent to us, and
6 we will be following along.

7 It will be helpful, just to keep things
8 clear, if you would, please, to reference where
9 you are, reference the exhibit and the page
10 number, or reference the slide number. That will
11 also help keep our transcript clear.

12 Two things that will help, since we're
13 doing this via video, the first is, if you're not
14 speaking, if you would please mute your line,
15 which I think everybody is already doing. Also if
16 it's been a while since you've been speaking, if
17 you would identify yourself so we make sure our
18 court reporter knows who is speaking. I think
19 that's about it. Let's make sure we're ready to
20 go.

21 Does counsel for Petitioner Apple have any
22 questions?

23 MR. RENNER: No, Your Honor. We'll just
24 mention we're planning to reserve 15 minutes of
25 the time for our redirect, though.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
