20   value the quality of their

21   internet access,

22   (IPR2019-00211)

1   DR. PETER DORDAL,

2   having been first duly sworn, was examined and

3   testified as follows:

4   EXAMINATION

5   BY MS. LOEBBAKA:

6   Q.   Dr. Dordal, my name is Kendall

7   Loebbaka. Thank you for coming in today.

8   Have you been deposed before?

9   A.   No.

10   Q.   No, you have not, okay. So I'd like

11   to go over a couple of ground rules since you

12   haven't been deposed before. That way we make it

13   as easy and simple as possible.

14   So the court reporter is going to

15   be recording everything that you and I say today

16   and your counsel if he has objections. So try

17   best not to talk over each other. Wait until I

18   finish my question before you answer. That way

19   she can record the questions and answers.

20   You need to give verbal answers.

21   So a "yes" or a "no," not nodding your head. That

22   way she can record that.

1   Your counsel may object from time

2 to time. You still need to answer the question

3 when he objects, unless he instructs you not to.

4   Have you consumed any substance,

5 drugs or alcohol, that would prevent you from

6 giving your truthful testimony today?

7   A.   No.

8   Q.   And if at any time any of my questions

9 are unclear, please ask me to clarify the

10 question.

11   Do you understand that the

12 deposition today is to cover two IPRs for which

13 you have given declarations?

14   A.   Yes.

15   Q.   And so in those two IPRs, do you

16 understand that there are some shared exhibits

17 between the IPRs.

18   A.   Yes. These are the '857 and '922

19 Patents.

20   Q.   Yes, correct. Nomadix's '857 and '922

21 Patents.

22   So, for instance, there are some

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.

fastcase®
Smarter legal research.
