The Handbook of Pharmaceutical Manufacturing Formulations, Third Edition is an authoritative and practical guide to the art and science of formulating drugs for commercial manufacturing. With thoroughly revised and expanded content, this six-volume set compiles data from FDA new drug applications, patent applications, and other sources of generic and proprietary formulations to cover the broad spectrum of GMP formulations and issues in using these formulations in a commercial setting. A must-have collection for

Editorial Reviews

About the Author

[Sarfraz K. Niazi, Ph.D.](https://www.niazi.com/), a well-recognized authority on drug and dosage form development including biological drugs and alternative medicines. He is Founder and Executive Chairman of Adello Biologics, LLC, (formerly, Therapeutic Proteins International, LLC), a biosimilar products company located in Chicago, IL, Piscataway, NJ and Cashel, Ireland. As an entrepreneur, Niazi has raised hundreds of millions of dollars and became recognized as an inductee into the Chicago Entrepreneur Hall of Fame. Niazi began his career teaching pharmaceutical sciences at the University of Illinois, College of Pharmacy where he was tenured before entering the industry at Abbott International. He departed Abbott as an Abbott Volwiler Fellow to pursue his passion, first through global consulting and later through the founding a biosimilar products company.

A prolific inventor with scores of patents, most prominently in the field of bioprocessing technology, Niazi is currently the largest single holder of bioprocess technology patents. His other inventions span a broad category of technologies, new chemical entities, new formulations, new analytical methodologies, and much more. He has hands on experience in developing chemical, botanical and biological products, from discovery to regulatory approval. With over 50 ISBNs under his name, Niazi has authored many landmark books in the field of pharmaceutical sciences.

He currently serves as Adjunct Professor at the University of Illinois College of Pharmacy, Ad Hoc faculty at the University of Houston, Texas, the HEJ Research Institute, Karachi, and the National University of Science and Technology, Islamabad. He has also served as a Foreign Professor at the HEJ Research Institute, Karachi. He serves on the editorial board of the journal *MOJ Proteomics & Bioinformatics* (MOJPB) and starting 2017, as Chief Editor of *International Journal of Biosimilars*. He also serves as Member of National Advisory Board of the College of Pharmacy, University of Illinois. He is a Fellow of the Pakistan Society of Pharmaceutical Sciences. [Read more](#)

Prof. Sarfaraz K. Niazi, Ph.D., SI, FRBSB, FPAMS, FACB, founder of Karyo Biologics (www.karyobio.com) and Adello Biologics (www.adellobio.com), is an adjunct professor at the University of Illinois and University of Texas. A prolific inventor with scores of patents in a variety of fields to his name, Sarfaraz has developed the MayaBio® bioprocessing platform that allows faster development and manufacturing of biological products at the lowest cost. Sarfaraz has published extensively including consumer articles and books, refereed scientific research, technical handbooks, poetry translations, philosophic rhetoric, and technical textbooks that are required reading worldwide. He has written most books in the field of bioprocess engineering and biosimilars. His honors include the prestigious University of Illinois Alumnus of the Year Award, Inductee into Chicago Entrepreneurs Hall of Fame, the Star of Distinction—the high civil award from Pakistan; Forbes magazine has called him, “The Most Interesting Man Revolutionizing the Health World.”
