## Privacy Act Statement

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

1. The information on this form will be treated confidentially to the extent allowed under the Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C. 552a). Records from this system of records may be disclosed to the Department of Justice to determine whether the Freedom of Information Act requires disclosure of these records.
2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (i.e., GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspections or an issued patent.
9. A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.

**METHOD OF CONTROLLING USER AND REMOTE CELL PHONE  
TRANSMISSIONS AND DISPLAYS**

BACKGROUND OF THE INVENTION

5 This application is a continuation-in-part of U.S. Patent Application Serial No. 11/308,648  
filed April 17, 2006 which is a continuation-in-part of U.S. Patent Application Serial No.  
10/711,490 now U.S. Patent No. 7,031,728.

1. Field of the Invention

10 A communications system using a plurality of cellular phones each having an  
integrated PDA and GPS receiver for the coordination of two or more people through the use  
of a communications network. The method and system provide each user with an integrated  
handheld cellular/PDA/GPS/phone that has advanced communication software application  
programs (hereinafter referred to as ACS) and databases used in conjunction with a remote  
15 server that enable a user to control the user's cell phone and to remotely control other users'  
cellular/PDA phones to create a passive mode and partial shutdown.

2. Description of Related Art

The purpose of a communications system is to transmit information bearing digital  
messages from a source, located at one point, to a user destination, located at another point  
20 some distance away. A communications system is generally comprised of three basic  
elements: transmitter, information channel and receiver. One form of communication in  
recent years is cellular phone telephony. A network of cellular communication systems set up  
around an area such as the United States allows multiple users to talk to each other, either on  
individual calls or on group calls. Some cellular phone services enable a cellular phone to  
25 engage in conference calls with a small number of users. Furthermore, cellular conference
