

AFFIDAVIT

I, Ronald Figueroa, under oath, hereby depose and state as follows:

1. I am the Resource Sharing Manager at the Libraries at Syracuse University (“SU Library”). The SU Library consists of three main libraries on campus: the Bird Library, the Carnegie Library and the King & King Architecture Library.
2. All books and periodicals at SU Library are routinely cataloged and viewable by the public through a user-interface searchable catalog. The SU Library’s collection is also available through member-cooperative databases, including the Online Computer Library Catalog (“OCLC”), which uses a web-based interface to allow catalog searching of member libraries, including the SU Library.
3. On Thursday, May 16, 2019, we received a request to retrieve the 1988 version of the Sigma Catalog, including pages 316-321, table of contents and copyright information, which is cataloged under the title “Biochemical and organic compounds for research and diagnostic clinical reagents.” The requested 1988 Sigma Catalog was held at an offsite location, and was retrieved by our staff on the following day, Friday, May 17, 2019. A copy of what our library provided is seen in Exhibit A, which is attached.

4. I hereby declare that all statements made herein of my own knowledge are true and correct. I further declare that all of my statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.

Dated: 11/21/19

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
