

EXHIBIT C1: U.S. PATENT NO. 8,769,747 VERSUS AMERICAN NATIONAL MANUFACTURING ACCUSED PRODUCTS

Pursuant to P.R. 3-1(c) and the Joint Stipulation Regarding Amending Infringement and Invalidity Contention (-356 case, Dkt. 138; -357, Dkt. 137), Plaintiff provides the chart below identifying specifically where each element of each asserted claim of the '747 Patent is found in Defendant's exemplary consumer air mattress system product, a Gen 3 Arco air controller with a model S9 bed. Specifically, Plaintiff provides the following supplementation, which includes prior disclosures and supplementations provided to Defendants on September 7, November 7, and November 26, 2018; (2) adds to and/or clarifies contentions, where appropriate; and (3) adds variable names, written descriptions/summaries of Plaintiff's infringement position in light of the identified variables, and narrowed line number ranges where able/appropriate. These disclosures incorporate by reference the Representative Product Chart, served herewith. Further, these disclosures are made in light of foreseeable claim construction positions, are not to be construed as an acceptance or endorsement of any particular construction, and may be amended pursuant to P.R. 3-1(a)(1). Plaintiff reserves the right to amend this chart after Defendant meaningfully responds to discovery requests by making a fulsome document production, including by producing documents that disclose all of Defendant's products and by providing all of Defendants' products for inspection. Plaintiff further reserves the right to amend this chart after Defendant allows for a sufficient inspection of all relevant Source Code, pursuant to stipulations between the parties.

	<div><div><div>HOME MATTRESSES SUPPORT</div></div><div><div><h3>S9</h3><div><p>About</p><p>If you enjoy the feeling of a memory foam mattress, but desire the adjustability of an air supported system, the S series is here for you. The smooth top cover has the feel of a memory foam mattress, and tends to sleep cooler than a quilted top. Beyond this, the S9 includes a layer of gel-infused visco-elastic foam, a 2" layer of convoluted foam for increased comfort and contouring above the air chambers, as well as the support layer of foam below the chambers. All Instant Comfort mattresses come standard with a state-of-the-art control system, which measure pressure on the standard medical mm/Hg scale. Our completely customizable two-sided-system allows for both sides of your mattress to be adjusted through touch screen controllers on both sides of the bed on king and split queen models. Our smooth-top covers are completely removable, and professionally launderable to ensure years of clean, comfortable sleep.</p><p>Learn More</p></div></div><div><p>Click to See More</p><div><div><h3>Peek Inside</h3></div><div><h3>Pump & Control System</h3><p>Each Instant Comfort Mattress comes with its own calibrated, state of the art pump and control system. This is what allows you to enjoy all 50 levels of comfort with every bed. One pump connects to and controls both sides of the mattress, and each side can be controlled using the separate remote controls. The touch screen remotes have two memory settings and allow you to adjust from 5-50 as you desire. Like the rest of your mattress, Instant Comfort Pumps and Controllers are protected by our 25 year warranty.
