1. A. PURPOSES AND LIMITATIONS

Discovery in this action is likely to involve production of confidential, proprietary, or private information for which special protection from public disclosure and from use for any purpose other than prosecuting this litigation may be warranted. Accordingly, the parties hereby stipulate to and petition the Court to enter the following Stipulated Protective Order. The parties acknowledge that this Order does not confer blanket protections on all disclosures or responses to discovery and that the protection it affords from public disclosure and use extends only to the limited information or items that are entitled to confidential treatment under the applicable legal principles. The parties further acknowledge, as set forth in Section 12.3, below, that this Stipulated Protective Order does not entitle them to file confidential information under seal; Civil Local Rule 79-5 sets forth the procedures that must be followed and the standards that will be applied when a party seeks permission from the court to file material under seal.

B. GOOD CAUSE STATEMENT

This action is likely to involve confidential product and patent information, trade secrets, customer and pricing lists or records, software code, technical drawings and reports, business and/or marketing plans, records, and analysis, and other valuable research, development, commercial, financial, technical, and/or proprietary information for which special protection from public disclosure and from use for any purpose other than prosecution of this action is warranted. Such confidential and proprietary materials and information further consists of, among other things, confidential business or financial information, information regarding products and patents, information regarding confidential business practices, processes, operations, and style of work, or other confidential research, development, or commercial information (including information implicating privacy rights of third parties), information otherwise generally unavailable to the

public, or which may be privileged or otherwise protected from disclosure under state or federal statutes, court rules, case decisions, or common law. Accordingly, to expedite the flow of information, to facilitate the prompt resolution of disputes over confidentiality of discovery materials, to adequately protect information the parties are entitled to keep confidential, to ensure that the parties are permitted reasonable necessary uses of such material in preparation for and in the conduct of trial, to address their handling at the end of the litigation, and serve the ends of justice, a protective order for such information is justified in this matter. It is the intent of the parties that information will not be designated as confidential for tactical reasons and that nothing be so designated without a good faith belief that it has been maintained in a confidential, non-public manner, and there is good cause why it should not be part of the public record of this case.

"Source Code" means computer/software code, scripts, assembly language, source code, object/executable code, source code listings, object code listings and descriptions of object code, Hardware Description Language (HDL) or Register Transfer Level (RTL) files that describe the hardware design of any ASIC or other chip, and formulas, engineering specifications, or schematics that define or otherwise describe in detail the algorithms or structure of software. - 2.12 Outside Counsel of Record: attorneys who are not employees of a party to this Action and do not work in the legal department of a party to this Action or who are not otherwise directly affiliated with a party to this Action but are retained to represent or advise a party to this Action and have appeared in this Action on behalf of that party or are affiliated with a law firm that has appeared on behalf of that party, and includes support personnel.

Any dual role attorney (such as Mr. Samuel R. Hellfeld, acting as both Vice President, Associate General Counsel to Sleep Number Corporation, and as an attorney for Fox Rothschild LLP) is intended to be excluded from the definition of Outside Counsel of Record, but may still be considered to be House Counsel.
