Defendant.	§	JURY TRIAL DEMANDED
	§	

**FIRST AMENDED COMPLAINT FOR PATENT INFRINGEMENT**

Plaintiffs, Uniloc USA, Inc. (“Uniloc USA”) and Uniloc Luxembourg, S.A. (“Uniloc Luxembourg”) (together, “Uniloc”), for their First Amended Complaint against defendant, Apple Inc. (“Apple”), allege as follows:

**THE PARTIES**

1. Uniloc USA is a Texas corporation having a principal place of business at Legacy Town Center I, Suite 380, 7160 Dallas Parkway, Plano, Texas 75024. Uniloc USA also maintains a place of business at 102 N. College, Suite 603, Tyler, Texas 75702.

2. Uniloc Luxembourg is a Luxembourg public limited liability company having a principal place of business at 15, Rue Edward Steichen, 4<sup>th</sup> Floor, L-2540, Luxembourg (R.C.S. Luxembourg B159161).

3. Apple is a California corporation, having a principal place of business in Cupertino, California and regular and established places of business at 12535 Riata Vista Circle and 5501 West Parmer Lane, Austin, Texas. Apple offers its products and/or services, including

those accused herein of infringement, to customers and potential customers located in Texas and in the judicial Western District of Texas. Apple may be served with process through its registered agent for service in Texas: CT Corporation System, 1999 Bryant Street, Suite 900, Dallas, Texas 75201.

### **JURISDICTION AND VENUE**

4. Uniloc brings this action for patent infringement under the patent laws of the United States, 35 U.S.C. § 271, *et seq.* This Court has subject matter jurisdiction under 28 U.S.C. §§ 1331, 1332(a) and 1338(a).

5. Venue is proper in this judicial district pursuant to 28 U.S.C. § 1400(b). Apple has committed acts of infringement in this judicial district and maintains regular and established places of business in this district, as set forth above.

### **COUNT I**

#### **(INFRINGEMENT OF U.S. PATENT NO. 7,969,925)**

6. Uniloc incorporates paragraphs 1-5 above by reference.

7. Uniloc Luxembourg is the owner, by assignment, of U.S. Patent No. 7,969,925 (“the ’925 Patent”), entitled PEER-TO-PEER MOBILE DATA TRANSFER METHOD AND DEVICE, which issued on June 28, 2011. A copy of the ’925 Patent is attached as Exhibit A.

8. Uniloc USA is the exclusive licensee of the ’925 Patent, with ownership of all substantial rights, including the right to grant sublicenses, to exclude others, and to enforce and recover past damages for infringement.

9. The ’925 Patent describes in detail and claims in various ways inventions in systems and devices for improved communication of data between mobile devices in a peer-to-peer fashion without using an intermediary communications server developed by the inventor around 2004.

10. The '925 Patent describes problems and shortcomings in the then-existing field of communications between wireless devices and describes and claims novel and inventive technological improvements and solutions to such problems and shortcomings. The technological improvements and solutions described and claimed in the '925 Patent were not conventional or generic at the time of their respective inventions but involved novel and non-obvious approaches to the problems and shortcomings prevalent in the art at the time.

11. The inventions claimed in the '925 Patent involve and cover more than just the performance of well-understood, routine and/or conventional activities known to the industry prior to the invention of such novel and non-obvious methods, systems and devices by the '925 Patent inventor.

12. The inventions claimed in the '925 Patent represent technological solutions to technological problems. The written description of the '925 Patent describes in technical detail each of the limitations of the claims, allowing a person of ordinary skill in the art to understand what the limitations cover and how the non-conventional and non-generic combination of claim elements differ markedly from and improved upon what may have been considered conventional or generic.

13. Apple imports, uses, offers for sale, and sells in the United States electronic devices that utilize Apple Push Notification service. Such devices include: (1) iPhone 4s, iPhone5, iPhone 5c, iPhone 5s, iPhone 6, iPhone 6 Plus, iPhone 6s, iPhone 6s Plus, iPhone SE, iPhone 7, iPhone 7 Plus, iPhone 8, iPhone 8 Plus, iPhone X smartphones; (2) iPad (3rd, 4th and 5th generation), iPad Mini, iPad Mini 2, iPad Mini 3, iPad Mini 4, iPad Pro, iPad Air, iPad Air 2 tablets; (3) MacBook, MacBook Air (13 inches), MacBook Pro (13 and 15 inches), iMac (21.5 and 27 inches), Mac Mini, Mac Pro laptops; (4) Apple watch Series 1, Apple watch series 2,

Apple watch series 3, Apple watch Hermes (series 1, 2, 3), Apple watch Edition (series 2 and 3), and (5) iPod (generation 5) and iPod touch (collectively “Accused Infringing Devices”).

14. The Accused Infringing Devices are mobile devices that are enabled to communicate data therebetween in a peer-to-peer fashion using unique identifiers and without the need for an intermediating communications server.

15. Apple has infringed, and continues to infringe, claims of the '925 Patent in the United States, including claims 1-20, by making, using, offering for sale, selling and/or importing the Accused Infringing Devices in violation of 35 U.S.C. § 271(a).

16. Apple has also infringed, and continues to infringe, claims 1-20 of the '925 Patent by actively inducing others to use, offer for sale, and sell the Accused Infringing Devices. Apple's customers who use those devices in accordance with Apple's instructions infringe claims 1-20 of the '925 Patent, in violation of 35 U.S.C. § 271(a). Apple intentionally instructs its customers to infringe through training videos, demonstrations, brochures, installation and user guides, such as those located at:

Apple also induces infringement by others by failing to remove or diminish the infringing features of the Accused Infringing Devices. Apple is thereby liable for infringement of the '925 Patent under 35 U.S.C. § 271(b).

17. Apple has also infringed, and continues to infringe, claims 1-20 of the '925 patent by offering to commercially distribute, commercially distributing, or importing the Accused Infringing Devices which devices are used in practicing the processes, or using the systems, of the '925 patent, and constitute a material part of the invention. Apple knows portions of the Accused Devices to be especially made or especially adapted for use in infringement of the '925 patent, not a staple article, and not a commodity of commerce suitable for substantial noninfringing use. Apple is thereby liable for infringement of the '925 Patent under 35 U.S.C. § 271(c).

18. Apple will have been on notice of the '925 Patent since, at the latest, the service of this complaint upon it. By the time of trial, Apple will have known and intended (since

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
