1. I am over the age of 18, have never been convicted of a felony or crime of moral turpitude and am legally competent to make this declaration. I have personal knowledge of the matters stated herein.

2. I am the Circulation, Information and Patron Services Coordinator of the Department of Circulation at the University of Colorado Boulder Libraries in Boulder, Colorado (the "Library").

3. I have been employed by the Library for 23 years.

4. I am familiar with the regularly conducted record-keeping, cataloging and indexing activities and practices of the Library as they pertain to all references, books, magazines and other publications place in circulation within the Library.

5. A true and correct copy of the OpenCable Architecture by Michael Adams (hereinafter "OpenCable Architecture textbook") as kept by this Library is Exhibit 1011.

6. The Library maintains a catalog of all references that is available for members of the public to search. An entry for the reference discussed in paragraph 5 was maintained in this catalog. An accurate copy of the catalog entry for the OpenCable Architecture textbook is attached as Exhibit A. The catalog can be searched by author, title, and subject. In particular, the OpenCable Architecture textbook was cataloged under the subject "Digital

1

Exhibit B indicates that the OpenCable Architecture textbook was catalogued on July 14, 2000. From July 14, 2000 until present, the OpenCable Architecture textbook was listed in the Library's online catalog available to members of the public. Exhibit B is a screenshot of the Library's online catalog showing the OpenCable Architecture.

7. The Library's records that are regularly maintained in the course of its operation reflect that the OpenCable Architecture textbook is in the Library's collection and is available to members of the interested public.

8. The Library's acquisition records for the OpenCable Architecture textbook is attached as Exhibit C. Based on my experience at the Library and knowledge of the Library's practices, the Library's acquisition records are made and kept in the ordinary course of the Library's operation. Entries in the acquisition records are recorded at or near the time of the event that is being recorded. The entry "ODATE" indicates that the Library ordered the OpenCable Architecture textbook on Jan. 11, 2000. The entry "RDATE" indicates that the OpenCable Architecture textbook was received by the Library for cataloging on Feb. 15, 2000.

2

foregoing is true and correct.

Executed on ___3/15/19___ at Boulder, Colorado.

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.

fastcase
Smarter legal research.
