CERTIFICATE OF REPORTER	22

1 *****PROCEEDINGS*****

2 JUDGE FENICK: This is a conference call for
3 IPR2019-01278 and -01279. This is Judge Fenick of
4 the PTAB, and with me on the line are Judges Hagy
5 and Worth.

6 Can I hear who's on the line for Petitioner,
7 please?

8 MR. ALEMANNI: Yes, Your Honor. This is John
9 Alemanni for Lenovo.

10 JUDGE FENICK: Thank you.

11 MS. TIEDEMANN: Good afternoon. My name is
12 Elizabeth Tiedemann, and I'll be the court reporter
13 today. I'm also on the line.

14 JUDGE FENICK: Okay. Thank you. And can I
15 hear who's on the line for Patent Owner, please?

16 MR. GOLDBERG: Yes. Hi. This is Perry
17 Goldberg from Progress, LLP for Dodots.

18 JUDGE FENICK: Thank you. Is there anyone
19 else on the line?

20 MR. ALEMANNI: Not for Petitioner, Your
21 Honor.

22 JUDGE FENICK: For Patent Owner,
23 Mr. Goldberg?

24 MR. GOLDBERG: Not that I know of. I'm not
25 sure if Lewis Hudnell is going to join or not.

1 JUDGE FENICK: Okay. Thank you. And we've
2 been already been told that there's a court
3 reporter on the line. I'm not sure which party has
4 retained the court reporter, but whoever it is, if
5 they would please make sure to file the transcript
6 in the case, that would be appreciated. So who
7 retained the court reporter?

8 MR. ALEMANNI: Yes, Your Honor. I'm sorry.
9 This is Petitioner. We retained the court
10 reporter, and we'll file that as an exhibit as soon
11 as we get the transcript. We thought it would be
12 helpful given the number of issues.

13 JUDGE FENICK: Thank you.

14 MR. GOLDBERG: And, Your Honor, I just
15 received a text from Mr. Hudnell. He says that
16 he's on but doesn't hear anything, so I think he
17 has some technical difficulties. But I think we
18 can proceed because I was going to make the
19 argument.

20 JUDGE FENICK: Okay. That's fine. Sounds
21 good. If you want to text him back and tell him to
22 hang up and try again, that usually works better
23 than waiting. I'm not sure why waiting would do
24 anything for this.

25 MR. GOLDBERG: Okay. Hold on. I'm texting

1 him that right now.

2 JUDGE FENICK: Let me know when you're ready,
3 Mr. Goldberg.

4 MR. GOLDBERG: I can go right now, or we give
5 him a minute. It's up to you.

6 JUDGE FENICK: Well, why don't we begin? And
7 I hope he'll join us if he doesn't have additional
8 difficulties.

9 Mr. Goldberg, I see that you e-mailed the
10 Board, it appears, on the evening of the 12th of
11 August. So I apologize for the delay in responding
12 to this request. It was your -- it was Patent
13 Owner's request for this conference, so I'd like to
14 start with you. And you have three issues in this
15 e-mail. I think it might be easier to address them
16 one at a time.

17 MR. GOLDBERG: Correct.

18 JUDGE FENICK: So the first issue that you
19 wanted to discuss is new evidence and argument
20 regarding the "Berg" article.

21 MR. GOLDBERG: Right.

22 JUDGE FENICK: So if you could, briefly
23 discuss that.

24 MR. GOLDBERG: So the issue here -- it also
25 came up in the related earlier IPR on the related

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
