Internet: The Complete Reference, Second Edition

About the Authors

Margaret Levine Young is the best-selling author (with various coauthors) of over two dozen books, including *The Internet For Dummies* and *Windows XP: The Complete Reference* (with her brother, John Levine). She holds a B.A. in computer science from Yale University and has two children. You can find out more at her web site, net.gurus.com.

Doug Muder has contributed to several books about computers and the Internet, including *Windows XP: The Complete Reference*. He is the author of numerous research papers in geometry and information theory and holds a Ph.D. in mathematics from the University of Chicago. Doug lives with his wife, Deborah Bodeau, in Nashua, New Hampshire and amuses himself by playing with other people's children, writing fiction, and dabbling in all forms of mysticism.

Dave Kay is a writer; former engineer; and aspiring artist, naturalist, and wildlife tracker. His business, BrightLeaf Communications, provides marketing communications services for high technology companies. His books include several titles in John Wiley & Sons' (formerly Hungry Minds') ...*For Dummies* series, including, most recently, *Paint Shop Pro™ 7 For Dummies*.

Kathy Warfel is a technical writer who has been teaching people how to use computers and writing about computers for the past 15 years. She holds a B.S. in journalism from the University of Colorado and hopes one day to own a small-town online newspaper.

Alison Barrows is the author of several computer books, including John Wiley & Sons' (formerly Hungry Minds') *Dummies 101: 1-2-3 97*, *Dummies 101: WordPerfect 8*, and *Access 97 For Dummies Quick Reference*. She teaches and consults about the Internet in the Boston area.

William Steinmetz was the man who bought computer books for Borders and Waldenbooks for seven years before he decided it was time to go out and write his own. He lives in Cleveland and is geeky.

Although frequently lauded as the inventor of duct tape, **Gila Jones** is better known to her friends as a jackal of all trades. She has been putting people together with computers for more than 30 years and has previously written for private publication and *Computer Reseller News*. An avid do-it-yourselfer and fiber artist, Gila holds an M.B.A. in Information Systems Management from Northeastern University and lives in San Juan Capistrano, California with her partner and two sons.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
