Additional Comments:

ATTEMPT 1- 10/08/19 at 12:14 pm - It is a private building shared by many offices and you're required to use a phone to have someone meet you in the lobby to pickup items or allow access to their suite. When I called they said that nobody is in the office. I asked when they would return and she said after the 22nd and it is hit and miss after that.

ATTEMPT 2 - 10/25/19 at 11:24 am - Called prior to driving to location and asked if they were back in the office spoke with Cici Chase and she said they were in the office. When I arrived and spoke with Cici again, she said they were out of the office for the rest of the day.

ATTEMPT 3 - 10/28/19 at 10:17 am- Went to physical address listed, called to have someone meet me in the lobby. At first they said okay. I waited for about 10 minutes. Called back multiple times and they kept hanging up on me, pretending there was a bad connection. Finally spoke to someone and they said they are out of the office and didn't know when they would be returning.

ATTEMPT 4 - 10/29/19 at 3:44 pm- I called multiple times to have someone meet me in the lobby and nobody answered the phone to come downstairs, to get served the papers.

Fees: \$159
