2 - - - - -

3 JUDGE MAJORS: We are here today for a
4 conference call related to a number of petitions,
5 including IPR2020-00040 and other related
6 petitions, challenging the same patent,
7 IPR2020-01045, -01060 and -01072.

8 It sounded to me like we have counsel
9 for the Petitioners in each of those cases as well
10 as Merck's counsel on as well, so why don't we
11 kick things off.

12 We have looked at the request. It
13 looks as though the parties have filed a
14 stipulation to change, to modify some of the
15 dates, and based on the request sent via e-mail
16 it's only that portion of due date 2 that the
17 parties need Board authorization to change that is
18 at issue at the moment.

19 So with that, Mr. Malik, I don't know
20 if you will be speaking on the Petitioners' part,
21 and Mr. Fisher, if you will be speaking on Merck's
22 part, why don't we kick things off and I will open

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
