BEFORE THE PATENT TRIAL AND APPEAL BOARD

LKQ Corporation and Keystone Automotive Industries, Inc.,

Petitioner,

v.

GM Global Technology Operations, LLC,

Patent Owner.

Case No. IPR2020-00065

Patent No. D813,120

**PETITIONER'S MOTION TO CORRECT CERTAIN CLERICAL OR
TYPOGRAPHICAL ERRORS IN PETITION**

Petitioner's Motion to Correct Certain Clerical or
Typographical Errors in Petition in IPR 2020-00065
U.S. Patent No. D813,120

During review of its filings, Petitioner recognized that its petition contained certain non-substantive clerical or typographical errors. Petitioner promptly informed Patent Owner of the errors, its desire to move for correction, and the substance of the corrections. Patent Owner confirmed that it would not oppose the instant motion to file a corrected petition. Granting this motion will not prejudice Patent Owner because Patent Owner is already aware of the substance of the corrections, does not oppose the instant motion, and would have almost its full three month period to submit any preliminary response, as Patent Owner was informed of the error and proposed corrections on the same day the Notice of Filing was accorded on November 13, 2019.

Petitioner respectfully requests that the following errors be corrected:

1. Page 15, line 16: "vehicle front bumper" should be amended to read "vehicle hood."
2. Page 16, line 1: "vehicle front bumper" should be amended to read "vehicle hood."
3. Page 42, line 2: "vehicle front bumpers" should be amended to read "vehicle hoods."
4. Page 42, line 4: "vehicle front bumpers" should be amended to read "vehicle hoods."

Petitioner thus respectfully moves pursuant to 37 C.F.R. 42.104(c) to file errata to the petition that resolves the aforementioned clerical or typographical
