[12 weeks before dispositive motions]	
March 31, 2020 [13 weeks before dispositive motions]	Fact discovery deadline (with exception of fact depositions).

In the event that any of these dates fall on a weekend or Court holiday, the deadline is modified to be the next Court business day.

The parties are directed to Local Rule CV-7(d), which provides in part that “[a] party’s failure to oppose a motion in the manner prescribed herein creates a presumption that the party does not controvert the facts set out by movant and has no evidence to offer in opposition to the motion.”

A party may request an oral hearing on a motion filed with the Court. Any such request shall be included in the text or in a footnote on the first page of the motion or any responsive pleading thereto. The Court does not hold telephonic hearings absent unusual circumstances.

Other Limitations

- (a) The following excuses will not warrant a continuance or justify a failure to comply with the discovery deadline:
 - (i) The fact that there are motions for summary judgment or motions to dismiss pending;
 - (ii) The fact that one or more of the attorneys is set for trial in another court on the same day, unless the other setting was made prior to the date of this order or was made as a special provision for the parties in the other case;
 - (iii) The failure to complete discovery prior to trial, unless the parties can demonstrate that it was impossible to complete discovery despite their good faith effort to do so.
- (b) Amendments to the Docket Control Order (“DCO”): Any motion to alter any date on the DCO shall take the form of a motion to amend the DCO. The motion shall include a chart in the format of the DCO that lists all of the remaining dates in one column (as above) and the proposed changes to each date in an additional adjacent column (if there is no change for a date the proposed date column should remain blank or indicate that it is unchanged). The motion to amend the DCO shall also include a proposed DCO in traditional two-column format that incorporates the requested changes and that also lists all remaining dates. In other words, the DCO in the proposed order should be complete such that one can clearly see all the remaining deadlines rather than needing to also refer to an earlier version of the DCO.
