**Subject:** Re: IPR2020-00260, 261 and 262 PO's preliminary response

Dear Mr. Kellog,

In view of the Patent CARES act Notice (came into effect yesterday March 31, 2020)(a copy I downloaded and attached to this message), I would like to get maximum extension of time allowed under this Notice to file a preliminary response in cases IPR2020-00260, 261, and 262. I know you advised me to meet and confer the petitioner before contacting you again. However since Patent CARES act automatically allows the extension of time, I am cc'ing the petitioner. (As a Pro se, I am severely affected for the lack of help/ability to do research due to the shelter-in-place in San Jose, CA which is as of now extended till May 3, 2020). Please let me know.

Best Regards,

Venkat Konda

Mr. Konda,

The Board has received a voice mail message from patent owner seeking additional time to file a preliminary response in cases IPR2020-00260, 261, and 262 due to the shelter in place order in California. The inquiry did not provide a specific time request for the extension. Accordingly, the Board will extend the due date for the preliminary response in those cases for two weeks, from March 24, 2020, to April 7, 2020. If more time is necessary, patent owner should meet and confer with counsel for petitioner and contact the Board by email to request additional time.

Dear Mr. Kellogg,

Please advise if Coronavirus and shelter-in-place all over the country has any effect on the deadlines for PO's Preliminary response of IPR2020-00260, 261 and 262 which is due on March 24, 2020 (Tuesday Next week)? Please let me know if I can request for an extension.
