 1                    Proceedings
 2           JUDGE BOUCHER:   This is Patrick
 3    Boucher.   We are here for a conference in
 4    PGR2019-00037 and PGR2019-00042.
 5           Who do we have on the line?
 6           MR. MODI:   Good afternoon, your
 7    Honor.   This is Naveen Modi from Paul
 8    Hastings on behalf of Petitioner, Flex
 9    Logix.
10           I also have on the phone my
11    colleague Paul Anderson.   And also, your
12    Honor, we let the board know as well, we
13    do believe there is a court reporter on
14    the line.
15           Bonnie, are you on?
16           THE REPORTER:   Yes, I am here.
17           JUDGE BOUCHER:   Okay.   And who is
18    on the line for the Patent Owner, please?
19           DR. KONDA:   Good afternoon, your
20    Honor.   This is Venkat Konda, pro se
21    Patent Owner.
22           JUDGE BOUCHER:   Okay.   Also on the
23    line with me are Judges Boudreau and
24    Beamer.
25           Because we have a court reporter on
```

```
 1                   Proceedings
 2    the line, I would ask you to try to be
 3    conscious of the fact that the reporter
 4    is taking down the conversation, and try
 5    to introduce yourself before you speak,
 6    just so we have some clarity on the
 7    record and the court reporter doesn't
 8    need to interrupt.
 9          Mr. Modi, since you are the one who
10    retained the court reporter, can you
11    arrange, after the conclusion of the
12    call, for a transcript of the call to be
13    filed as an exhibit in the proceeding, in
14    both proceedings?
15          MR. MODI:  Yes, your Honor, we will
16    take care of that.
17          JUDGE BOUCHER:  Okay.  So, let me
18    begin with you, Mr. Modi.  I think you
19    are the one who initiated the topics for
20    today.
21          My guess is that the first topic
22    regarding the schedule is moot, but if
23    you have any issues to raise about that,
24    maybe you could do that first now,
25    please.
```

```
 1                Proceedings

 2        MR. MODI:  Your Honor, from our

 3   perspective, we don't have anything

 4   further on the schedule.  We appreciate

 5   the Board entering the revised scheduling

 6   order.

 7        JUDGE BOUCHER:  Okay.  Mr. Konda,

 8   do you have any issues to raise about the

 9   schedule in light of the orders that were

10   entered this week?

11        DR. KONDA:  I'm fine with that,

12   your Honor.

13        JUDGE BOUCHER:  So, Mr. Modi, let's

14   turn to the more substantive issue then,

15   which is the Patent Owner's motions to

16   exclude and your request to file motions

17   to expunge those motions.  If you can

18   kind of lay the framework for us to

19   start, I would appreciate that.

20        MR. MODI:  Sure, your Honor.  Happy

21   to do so.

22        So, Petitioner requests leave to

23   move to expunge the motions to exclude

24   and associated exhibits that Patent Owner

25   filed in these proceedings on May 20th.
```

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.
