

History of Changes for Study: NCT00101634**Safety and Efficacy of an Anti-Psychotic Versus Placebo in Subjects With Schizophrenia**Latest version (submitted June 6, 2011) on ClinicalTrials.gov

- A study version is represented by a row in the table.
- Select two study versions to compare. One each from columns A and B.
- Choose either the "Merged" or "Side-by-Side" comparison format to specify how the two study versions are to be displayed. The Side-by-Side format only applies to the Protocol section of the study.
- Click "Compare" to do the comparison and show the differences.
- Select a version's Submitted Date link to see a rendering of the study for that version.
- The yellow A/B choices in the table indicate the study versions currently compared below. A yellow table row indicates the study version currently being viewed.
- Hover over the "Recruitment Status" to see how the study's recruitment status changed.
- Study edits or deletions are displayed in ~~red~~.
- Study additions are displayed in *green*.

Study Description

effects of the study medication compared to placebo in the treatment of the symptoms of schizophrenia in adults.

Detailed Description:**Conditions**

Conditions: Schizophrenia

Keywords: Schizophrenia
psychosis

Study Design

Study Type: Interventional

Primary Purpose: Treatment

Study Phase: Phase 3

Interventional Study Model: Parallel Assignment

Number of Arms:

Masking: Double (masked roles unspecified)

Allocation: Randomized

Enrollment:

Arms and Interventions**Intervention Details:**

Drug: R092670/Placebo

Outcome Measures**Eligibility**

Minimum Age: 18 Years

Maximum Age:

Sex: All

Gender Based:

Accepts Healthy Volunteers: No

Criteria: Inclusion Criteria:

- Adults aged 18 years and older
- Met diagnostic criteria for schizophrenia according to DSM-IV for at least 1 year before screening
- Body mass index (BMI) of >15.0 kg/m²
- Women of childbearing potential must have a negative urine pregnancy before receiving a dose of study drug
- Must be healthy based on medical exam, laboratory tests, and electrocardiogram

Exclusion Criteria:

- Subjects who are unable to provide their own consent or who have been involuntarily committed to psychiatric hospitalization
- Acute or unstable medical conditions

- Significant risk of suicidal, homicidal or violent ideation or behavior as clinically assessed by the investigator
- Woman who is pregnant, breast-feeding, or planning to become pregnant during the study period
- Primary active DSM-IV Axis I diagnosis other than schizophrenia

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
