(57) **CLAIM**
The ornamental design for a vehicle body, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a vehicle body;
FIG. 2 is a perspective view of the vehicle body;
FIG. 3 is a top view of the vehicle body;
FIG. 4 is a right side view of the vehicle body;
FIG. 5 is another perspective view of the vehicle body; and,
FIG. 6 is a rear view of the vehicle body.
In the drawings, the portions shown by broken lines form no part of the claimed design; and, the left side view of the vehicle body is omitted because—except that the left side view does not have a gas cap cover—the left side view is identical to the right side view.
