3. I received my Bachelor's Degree in Japanese from Brigham Young University in 2012. To receive my degree, I was required to do an entire thesis presentation in Japanese. I have also lived in Japan, where I worked as an intern teaching English and studying Japanese literature and culture.

4. I personally translated a Japanese Patent Application, which translation is now Ex. 1007, and my translation is a true and accurate translation of the Japanese Patent Application No. 56-122328A (Kawakami), Crystalline Amine Salt of Methanoprostacyclin Derivative, Manufacturing Method Thereof, and Purifying Method Thereof.

5. I am confident that this translation is true and accurate, because it was checked by Mr. Boris Levine, who is an experienced Japanese-to-English translator.

I hereby declare that all statements made herein are of my own personal knowledge; all statements made on information and belief are believed to be true; and all statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
