ABOUT IDG BOOKS WORLDWIDE

Welcome to the world of IDG Books Worldwide.

IDG Books Worldwide, Inc., is a subsidiary of International Data Group, the world's largest publisher of computer-related information and the leading global provider of information services on information technology. IDG was founded more than 25 years ago and now employs more than 8,500 people worldwide. IDG publishes more than 275 computer publications in over 75 countries (see listing below). More than 60 million people read one or more IDG publications each month.

Launched in 1990, IDG Books Worldwide is today the #1 publisher of best-selling computer books in the United States. We are proud to have received eight awards from the Computer Press Association in recognition of editorial excellence and three from *Computer Currents*' First Annual Readers' Choice Awards. Our best-selling *...For Dummies*® series has more than 30 million copies in print with translations in 30 languages. IDG Books Worldwide, through a joint venture with IDG's Hi-Tech Beijing, became the first U.S. publisher to publish a computer book in the People's Republic of China. In record time, IDG Books Worldwide has become the first choice for millions of readers around the world who want to learn how to better manage their businesses.

Our mission is simple: Every one of our books is designed to bring extra value and skill-building instructions to the reader. Our books are written by experts who understand and care about our readers. The knowledge base of our editorial staff comes from years of experience in publishing, education, and journalism — experience we use to produce books for the '90s. In short, we care about books, so we attract the best people. We devote special attention to details such as audience, interior design, use of icons, and illustrations. And because we use an efficient process of authoring, editing, and desktop publishing our books electronically, we can spend more time ensuring superior content and spend less time on the technicalities of making books.

You can count on our commitment to deliver high-quality books at competitive prices on topics you want to read about. At IDG Books Worldwide, we continue in the IDG tradition of delivering quality for more than 25 years. You'll find no better book on a subject than one from IDG Books Worldwide.

Lesson 1-1 Quiz

1. C comes from a programming language called:
   A. A.
   B. B.
   C. Sea.
   D. Primordial C.
2. The B language stood for:
   A. Before C Language.
   B. Better than the A Programming Language.
   C. Bill & Ted's Excellent Programming Language.
   D. Bell Labs Programming Language.
3. If they came up with another language after C, it would probably be called:
   A. A.
   B. B.
   C. D.
   D. All of the above.
4. C is a:
   A. Low-level language.
   B. Mid-level language.
   C. High-level language.
   D. I thought we weren't required to know stuff in the Techy boxes.

Lesson 1-2: How a Meek and Mild Text File Becomes a Program

When you create a program, you become a programmer. I know, the term is new to you. Still, your relatives or people you know may refer to you as a "computer operator" or "wizard" even though your association with the beast is passing at best. So hang the title of Programmer on your shingle and swell with pride.

Ahhh . . . .

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.
