Dear Honorable Board,

We confirm receipt of this email. As to the agreements with Corephotonics Individuals, I can confirm that only Mr. Mendlovic and Mr. Kali entered into individual agreements with Apple and that there are no other ancillary agreements beyond what the parties filed last week.

Best regards,

Neil A. Rubin

Counsel,

From the Board –

The parties have redacted the settlement amounts from the settlement agreements concerning the above-identified cases. The parties are requested to file an *unredacted* settlement agreement in each case.

The parties are also requested to confirm that all ancillary agreements have been filed. Section 1.6 of the settlement agreement identifies David Mendlovic, Eran Kali, Gal Shabtay, Noy Cohen, Uri Darvish, and Ephraim Goldenberg as “Corephotonics Individuals” and indicates “simultaneous license agreements with **certain** of the Corephotonics individuals.” The parties provide separate agreements with David Medlovic and Eran Kali. IPR2020-00906, Ex. 2203, 2, 3, 71–88. Please confirm that “simultaneous license agreements with certain of the Corephotonics individuals” correspond to only the separate agreements with David Medlovic and Eran Kali, and that there are no separate agreements with any *other* “Corephotonics individuals.”
