Re: *Solas OLED Ltd. v. LG Display Co., Ltd., et al.*, Case No. 6:19-cv-00236-ADA

Dear Philip:

Defendants LG Display Co., Ltd., LG Display America, Inc., LG Electronics Inc., LG Electronics USA, Inc., Sony Electronics Inc., and Sony Corporation hereby stipulate that, if the Patent Trial and Appeal Board (“PTAB”) institutes the pending *inter partes* review petition in IPR2020-01238 challenging the patentability of claims 1, 5, 9-13, and 17 of U.S. Patent Number 7,573,068 then Defendants will not pursue the instituted invalidity grounds in the above-captioned litigation, 6:19-cv-00236. For convenient reference, the proposed invalidity grounds in IPR2020-01238 are:

- Claims 1, 5, 10, 11 and 13 are unpatentable under 35 U.S.C. § 102 over Shin (WO 2004/090853).
- Claim 13 is unpatentable under 35 U.S.C. § 103 over Shin.
- Claims 1, 5, 9-13 and 17 are unpatentable under 35 U.S.C. § 103 over Shin and Hector (WO 03/079442).

To avoid any doubt, if the PTAB declines institution of IPR2020-01238, Defendants reserve the right to pursue these invalidity grounds in the parallel litigation.

Best Regards,

/s/ Douglas E. Lumish
