Subject: Meetings

Hi Milton,
Thanks for the update.

FYI, this afternoon Guy Souza and two people from sales (David & Bill) asked Nicole and I to attend a meeting on Thursday at 9:30am with Nissan to discuss the Nissan and Infiniti branches of Promo content.

It will entail a presentation similar to the Powerpoint for Toyota. I'll be building some sample screens (adhering to Navic templates) and the Powerpoint this week and then finalize it early next week before the presentation.

Per David, the contract with Nissan outlines the following content:

- * Custom PROMO Gateway Pages for Nissan and Infiniti.
- * Video and PROMO Page functionality for all current and upcoming Nissan and Infiniti models.
- * Additional PROMO Pages per Nissan Motor Corporation specifications for calendar of events, manufacturer sales events, and other information per Nissan specifications.
- * Separate PROMO Gateway Pages for each individual Nissan Hawaii dealer.
- * Up to five Infiniti Motor Sales new or used vehicle listings with advertising frame, photo, price graphic and text. These can be changed out weekly for no additional charge.
- * Includes all interactive television development costs and creation of all relevant Nissan, Infiniti, and dealer PROMO Pages.
- * After initial set-up, additional PROMO Pages can be changed out at any time for \$50 encoding fee.

Hi Noreen -

Thank you for your response, it is appreciated. Tuesday is not possible for us, as we have presentations in the morning and afternoon that I must participate in. Is Monday afternoon, Feb 2nd a possibility? Otherwise, perhaps first thing Thursday morning, Feb 5th, before we go to the airport in the early afternoon.

Sorry for the complications and thanks.

Hi Milton,

I'm sorry for the delay in replying back to you. Feb 4 being a Wednesday is not a good day for us, particularly Norm who has meetings practically all day every wed. Could we meet on Tuesday Feb 3 instead --- Norm, Allan and I are available from 10am-11am.

Thanks for your patience!

Subject: Follow-up to our meeting

Hi Noreen -

I apologize that it has taken several days to get back in contact after our meeting last week; the travel schedule has been a bit hectic. Nicole Nestel, Kim Wall (our Creative Services head) and myself are now at Navic attending a 3-day training session, which is going very well.

It was a pleasure to meet with you and I look forward to our working together on the joint Oceanic/BBiTV projects. During our meeting, you mentioned that you had architectural or other information regarding the Navic applications you have constructed that you could share with us. I am very interested in reviewing this information so that I may have a better understanding of these applications. Please let me know when you will be able to share these with me.

In the meanwhile, we are working on the new "look" for the commercial products and are making good progress. Kim Wall will be in Honolulu with me the first week of February and we would like to meet with you, Norm and Alan again to review our concepts. Would Wednesday, Feb. 4th be available for a meeting? Please let me know.

Thank you and I look forward to hearing from you.

Best regards,

Milton
