Subject: Itinerary/meeting schedule

Attached is the most recent update. Note that John has secured meetings at the partner level with Accel Partners, Charter Ventures, Draper Fisher Jurvetson, and Leapfrog Ventures. He is working on a fifth, Advanced Technology Ventures. Wanda has listed the Web sites for each. Please find time to become familiar with the firms and the individuals with whom we will be meeting.

This Friday we have a 9:30 a.m. HST call to discuss the presentation framework. Monday evening I suggest we spend some time rehearsing, as well as Monday morning.

Wanda also is asking for itineraries for Rich, Tim and Milton so we can compile a master schedule to distribute by end of week.

Let me know if you have any questions. Thanks.

Clif
