Hi Milton,

Yes, thanks, my trip was enjoyable while it lasted, and now, catching up is challenging as always.

That's quite a schedule you are managing! Hope the rest of your travels are fruitful and go smoothly, and best of luck with the investor community.

At this point Monday 6/21 would work a bit better, but check in with me again once you have a better idea of your schedule and we'll confirm something on either day.

Looking forward to talking next week.

Hi Jane -

I hope your trip was a pleasant one; I have been traveling a great deal - last week in NY, back to NY tomorrow night and then Oahu for a few days the week after. Then a family visit to Phoenix the last week of the month for the holiday weekend. Leaves my head spinning, but it was a good week in NY, and we hope that this week will also be a good one....

As you can tell, my schedule is a bit overwhelming this month, until July 6th or so. It is possible that I may have some time on either Monday 6/21 or Friday 6/25 if you are in the city - do you know your schedule that far in advance? Sorry that my schedule is so tight, but meetings with potential investors are in full swing.....

I hope we have a chance to meet up and have a dialogue soon; I look forward to continuing our conversation - there are interesting items to discuss.

Thanks,

mdp

Hi Jane -

Thank you for your response. Indeed, these are very interesting times for digital cable...it seems that things are accelerating on a weekly basis in our arena...

I will be traveling to NY and Boston the week of June 7th; I will contact you the following week to set up a time for us to get together.

I look forward to continuing our conversation. Safe travels,

mdp

Hi Milton,

I also enjoyed our brief but intriguing conversation at NCTA. I'm now tasked with writing a report and scheduling a meeting where we'll cover the most important aspects of the show. Indeed, lots happening with multi-room DVR, home networking, OCAP...

Would be great to get together and talk more about the show and BBitV. I read about BBitV/Promo! in CableWORLD on the way back from NCTA - about Oceanic's "cutting-edge service" and how you are coming to the mainland. The results of your soft-launch were amazing: 50,000 videos in 30 days! OD information and advertainment are proving to be important content categories when you consider your success as well as what Cox has been able to achieve with FreeZone.

I'll be traveling the end of May and back June 8 so perhaps we can get together sometime after that.

Hi Jane -

It was a pleasure to meet you during the National Show; I enjoyed our conversation very much and look forward to continuing our discussion. I am currently traveling for the next 2 weeks - Boston, New York and Honolulu. Perhaps we can cross paths again during the last week of May or the first week or two of June? As you know your schedule, please let me know when you might be in the city and could join me for a coffee. If you want to reach me directly, you can always call my cell, 917-679-2566.

I hope the rest of the show was interesting and informative - we had a very interesting time, these is much happening. I look forward to talking about it with you.

Best regards,

Milton Diaz
