Hi Len,

You are welcome for everything, we very much enjoyed speaking with you on Wednesday and look forward to receiving your proposal. In the meantime I thought you might like to look over a front-end HTML Demo that our talented designer, Kim Wall, has built for the web UI area.

While it is not yet dynamic, it does offer a great visual and user flow process to work from and specify dynamic areas.

<http://www.kimberlywall.com/bbitv-community/index.html>

Best Regards,
Nicole

Hi Nicole,

Thank you very much for arranging our meeting yesterday. It was a pleasure to speak with you, as well as to meet and speak with Milton Diaz, and to learn more about the BBitV Community project. We are very excited by the possibility to work with your company in addressing the various challenges you outlined to us yesterday. We believe that our team has the experience, the talent, and the expertise to bring your vision to life.

As we discussed, we are working on the proposal for the project and, since time is of the essence, we will send it to you as soon as possible.

Thank you very much again for taking the time to meet with us yesterday, and we look forward to the opportunity to work with you in the near future. Meanwhile, if you have any questions, please do not hesitate to contact me anytime.

Best Regards,
Len Goldberg
