Subject: RE: IPR2020-01269 and 01270

Counsel,

Patent Owner is authorized to file a motion under 42 C.F.R. 42.5(c)(3) requesting that the Board excuse Patent Owner's late action in filing its Patent Owner Responses. Patent Owner is reminded that a late action will be excused on a showing of good cause or upon a Board decision that consideration on the merits would be in the interests of justice. Patent Owner should indicate in its motion that Petitioners do not oppose its motion.

To the Honorable Board

Because of a docketing error, Patent Owner SynKloud filed the patent owner responses and associated documents for IPRs2020-01269 and 01270 the day after the due date.

Accordingly, SynKloud respectfully asks the Board to excuse the late filing.

Petitioners Microsoft and HP do not oppose SvnKloud's request.

I plan to file a joint stipulation to reflect the schedule change. Please let me know if I need to do anything further.

Respectfully,

Dr. Gregory J. Gonsalves
