I, Adam Fontecchio, Ph.D., declare as follows:

1. I have been retained as a technical consultant by Samsung Display Co., Ltd., who I have been informed is one of the petitioners in the present proceeding, as well as on behalf of Samsung Electronics Co., Ltd. and Samsung Electronics America, Inc., who I have been informed are identified as “real parties in interest” in the present proceeding. For ease of reference, throughout my declaration, I will refer to these entities collectively as “Samsung” or as the “Petitioner.”

2. I have been asked by counsel for the Petitioner to consider whether the references listed as Exhibits 1003-1005 below disclose or suggest, alone or in combination, the limitations recited in the claims of U.S. Patent 7,446,338 (the “’338 patent”). I have also been asked to consider the state of the art and the prior art available before the filing of the ’338 patent. I have provided my opinions below.

3. I have been informed that a company known as Solas OLED Ltd. claims to be the owner of the ’338 patent. To the best of my knowledge, I have no financial interest in Samsung, Solas OLED Ltd., or the ’338 patent. To the best of my recollection, I have had no contact with Solas OLED Ltd. or the named inventors of the ’338 patent: Tomoyuki Shirasaki, Tsuyoshi Ozaki, and Jun Ogura. To the extent any mutual funds or other investments that I own have a financial interest in Samsung, Solas OLED Ltd., or the ’338 patent, I am not aware of, nor do I have control over, any financial interest that would affect or bias my judgment.
