**APPENDIX A**

UNITED STATES PATENT AND TRADEMARK OFFICE

---

BEFORE THE PATENT TRIAL AND APPEAL BOARD

---

MEDTRONIC, INC., AND MEDTRONIC VASCULAR, INC.  
Petitioners,

v.

TELEFLEX INNOVATIONS S.A.R.L.  
Patent Owner.

---

**DECLARATION OF MARK GOEMER**

I, Mark Goemer, declare as follows:

1. My name is Mark Goemer. I am a Spectralytics employee. I am currently the Director of Sales at Spectralytics and Meier Tool and Engineering. I began working at Spectralytics in 2004 in a sales role. I eventually was promoted to the position of Sales Manager, and ultimately to the position of Director of Sales.

2. My compensation does not depend in any way on the outcome of this proceeding. I have not been offered any payment, incentive, or inducement to provide this Declaration.

3. I have personal knowledge of the facts set forth in this Declaration, except as otherwise stated. I am competent to testify as to all matters stated, and if called upon to do so, I would testify to the facts set forth in this Declaration.

4. Spectralytics provides laser processing solutions to its customers worldwide. This includes custom laser cutting of stainless steel and other materials with critical tolerances.

5. My responsibilities at Spectralytics include working closely with customers to understand and service their laser cutting needs. In this role, I have knowledge of and review the documents created and received in the process of performing work on behalf of our customers. These documents include sales acknowledgements, customer prints, and certificates of completion.

6. I personally recall several jobs that Spectralytics performed for Vascular Solutions in the 2005 time period. That work included laser cutting parts for prototypes of a product that Vascular Solutions was developing.

7. Exhibit 2095 contains true and accurate copies of a Sales Acknowledgement for an order placed on March 21, 2005 by Vascular Solutions, and two Certificates of Completion for that job, dated April 5, 2005 and April 4, 2005 respectively. It is the regular practice of Spectralytics to create a Sales Acknowledgment for a sales order. It also is the regular practice of Spectralytics to create a Certificate of Completion upon the cleaning, visual inspection, dimensional inspection, electropolish, and final inspection/audit of a product prior to shipping to the customer. These documents have been maintained in the ordinary course of business at Spectralytics and were retrieved from Spectralytics' files.

8. The order reflected in Exhibit 2095 was for laser cutting of stainless steel hypotubing and electropolishing. Spectralytics does not itself manufacture stainless steel hypotubing, but instead would have received hypotubes from Vascular Solutions or directly from a different vendor and then laser cut and electropolished them according to Vascular Solutions' specifications. Based on my knowledge of Spectralytics' work on behalf of Vascular Solutions, along with the quantity and nature of the order, including the reference to an "X" number for

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
