MEDTRONIC, INC., AND MEDTRONIC VASCULAR, INC.  
Petitioner,

v.

TELEFLEX INNOVATIONS S.A.R.L.  
Patent Owner.

---

Case IPR2020-01342  
Patent 8,142,413

---

**PATENT OWNER'S UNOPPOSED MOTION TO FILE UNDER SEAL  
PURSUANT TO 37 C.F.R. §§ 42.14 AND 42.54**

Pursuant to 37 C.F.R. §§ 42.14 and 42.54, Patent Owner respectfully submits this Patent Owner's Unopposed Motion to File Under Seal, requesting that slides 183 and 184 of Patent Owner's Demonstratives remain under seal. The under-seal version of Patent Owner's Demonstratives are being filed concurrently with this motion.

Patent Owner has conferred with the Petitioner, and the Petitioner does not oppose this motion to seal.

In conjunction with the Patent Owner's Preliminary Responses, Patent Owner and Petitioner agreed to and submitted a stipulated Joint Protective Order. *See, e.g.*, IPR2020-01341, Paper 28. Patent Owner respectfully requests that the Board enter that stipulated Joint Protective Order in the above captioned case to govern treatment of the information identified herein.

## **I. Good Cause**

For good cause, the Board may “issue an order to protect a party or person from disclosing confidential information.” 37 C.F.R. § 42.54. The rules “identify confidential information in a manner consistent with Federal Rule of Civil Procedure 26(c)(1)(G), which provides for protective orders for trade secret or other confidential research, development, or commercial information.” Office Patent Trial Practice Guide, 77 Fed. Reg. 48756, 48760 (Aug. 14, 2012).

The information that is the subject of this motion meets this standard, and for the reasons explained below there is good cause for why the identified information should remain under seal.

**A. Under-Seal Version of Patent Owner’s Demonstratives**

Patent Owner has filed under-seal its Patent Owner Demonstratives, as well as a public, redacted versions of those demonstratives. The redacted portions on slides 183 and 184 contain confidential Patent Owner sales data regarding GuideLiner revenue and units sold.

This information fits squarely within the kinds of information that the Trial Practice guide considers to be “confidential information,” such as “confidential research, development, or commercial information.” 77 Fed. Reg. 48756, 48760.

There is good cause for keeping the redacted information contained in Patent Owner’s Demonstratives under seal. Publicly revealing the sensitive, competitive information could put Patent Owner at a competitive disadvantage in the marketplace.

## **II. Certification of Conference**

Pursuant to 37 C.F.R. §§ 42.54(a), Patent Owner certifies that it has in good faith conferred with Petitioners' counsel. Petitioner's counsel does not oppose this motion to seal.

Both Petitioner and Patent Owner agree to abide by the parties' stipulated Protective Order pending a decision by the Board on the motion for entry thereof.

## **III. Request for Conference Call with the Board**

Should the Board not be inclined to grant the present Unopposed Motion to File Under Seal, Patent Owner hereby requests a conference call with the Board to discuss any concerns prior to the Board issuing a decision on the Motion.

## **IV. Conclusion**

Patent Owner respectfully requests that the Board grant this Unopposed Motion to File Under Seal, and keep slides 183 and 184 of Patent Owner's Demonstratives under seal.

Dated: November 16, 2021.

Respectfully submitted,

/ J. Derek Vandenburg /

Lead Counsel for Patent Owner

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
