Page 2 1 APPEARANCES	Page 4
2 (ALL APPEARANCES ARE VIA VIDEOCONFERENCE)	1 PROCEEDINGS
3 ON BEHALF OF PETITIONERS:	2 THE VIDEOGRAPHER: This is the beginning
4 CHRISTOPHER PINAHS, ESQ.	3 of the videotaped deposition of Dr. John Graham in the
CYRUS A. MORTON, ESQ. 5 ROBINS KAPLAN LLP	4 matter of Medtronic versus Teleflex Innovations. Today's
2800 LaSalle Plaza	5 date is November 18, 2020, and the time is 6:42 a.m.
6 800 LaSalle Ave	6 Counsel, please introduce yourselves,
Minneapolis, MN 55401	7 after which our court reporter will make a statement and
7 612.349.8500 cpinahs@robinskaplan.com	8 swear in the witness.
8 camorton@rkmc.com	
9	,
10 ON BEHALF OF PATENT OWNER: 11 JOSEPH W. WINKELS, ESQ.	10 Pinahs from the Robins Kaplan law firm on behalf of the
PETER KOHLHEPP, ESQ.	11 Petitioner, Medtronic. Also with me this morning is my
12 DEREK VANDENBURGH, ESQ.	12 colleague Cy Morton from the Robins Kaplan law firm as
CARLSON CASPERS VANDENBURGH & LINDQUIST, PA.	13 well.
13 Capella Tower, Suite 4200 225 South Sixth Street	MR. WINKELS: Here on behalf of the patent
14 Minneapolis, MN 55402	15 owner, Joe Winkels with Carlson Caspers; and with me is
612.436.9623	16 Peter Kohlhepp; and Derek Vandenburgh will be joining a
15 jwinkels@carlsoncaspers.com pkohlhepp@carlsoncaspers.com	17 little bit later.
16 dvandenburgh@carlsoncaspers.com	18 THE REPORTER: Due to the need for this
17 ALSO PRESENT:	19 deposition to take place remotely because of the
18 Greg Smock	20 government's order for physical distancing, the parties
Chris Buller 19 DeAndre Shivers, Videographer	
20	21 will stipulate that the court reporter may swear in the
21	22 witness over the videoconference and that the witness has
22 23	23 verified that he is in fact Dr. John Graham.
24	24 Agreed, counsel?
25	25 MR. PINAHS: So stipulated for petitioner.
23	25 Mit. 1 it will be superinted for petitioner.

First time. All right. Great. Let's go over 18 a couple ground rules then since it's your first time. 19 It's particularly important, especially 20 given the circumstances of a deposition over Zoom, if you 21 give verbal answers today. Can you do that? 22 A. Yes.

2 (Pages 2 - 5)

- 1 my question.
- 2 A. Understood.
- 3 Q. From time to time your counsel may object to a
- 4 question I ask. Unless he instructs you not to answer
- 5 for reasons of privilege, you can answer the question
- 6 after the objection.
- 7 Do you understand?
- 8 A. I understand.
- 9 Q. If at any point you want to take a break, more
- 10 than happy to do so.
- Only thing I ask is that you answer any
- 12 pending questions before we go off the record. Okay?
- 13 A. I understand.
- 14 Q. Is there any reason you can't give truthful and
- 15 honest answers today, Doctor?
- 16 A. No. My intention is to speak the truth.
- 17 Q. All right. And you've been retained by the
- 18 patent owner Teleflex as an expert in these IPRs,
- 19 correct?
- 20 A. That is correct.
- 21 Q. And when were you retained by the patent owner?
- 22 A. Earlier on this year. I -- I have the
- 23 information. It -- the springtime is -- is roughly when;
- 24 March or April, I believe. I can confirm, but I would
- 25 have to...

Page 7

- Q. March or April of 2020, Doctor?
- 2 A. 2020.
- 3 Q. All right. Thank you.
- 4 All right. So it sounds as though you've
- 5 already opened up the box of documents we sent you,
- 6 correct?
- 7 A. I did, yes.
- 8 Q. And you opened those yesterday?
- 9 A. Yesterday afternoon when they arrived, yes.
- 10 Q. Okay. So what I'd like you to do is pull out
- 11 Exhibit 2145, which is your declaration in this case.
- 12 A. I have it.
- 13 Q. Excellent. Now, Doctor, did you write your
- 14 declaration?
- 15 A. It is my words in it. I put my thoughts down,
- 16 and myself -- and Carlson Caspers helped me write it, but
- 17 it's my words.
- 18 Q. And other than the attorneys, which it sounds
- 19 like wrote the declaration, did you discuss the content
- 20 of your declaration with anyone else?
- 21 A. No, not -- not with counsel.
- 22 Q. Sorry, I didn't understand that, Doctor.
- Are you saying you didn't discuss the
- 24 content of your declaration with anyone other than
- 25 counsel?

A. Other than counsel, so Carlson Caspers.

- 2 Q. In preparing your declaration, did you review
- 3 any materials other than those cited in the declaration?

Page 8

Page 9

A. Yes.

Page 6

- 5 Q. Okay. What were those materials?
- 6 A. There were various things.
- 7 So when I was writing my declaration and
- 8 subsequent to it, we had submitted some references, some
- 9 academic papers; and in the context of that, there was a
- 10 lot of manuscript and journal searching just to --
- 11 because this is a -- almost a -- not quite historic, but
- 12 there's a lot things -- a lot of the alleged prior art
- 13 relates back to the '90s and early 2000s.
- So I had gone back to do a literature
- 15 review to refresh my memory and go back to things;
- 16 because in the early '90s, I wasn't practicing. So I had
- 17 to go back then to just refresh my memory and see what
- 18 other practice was employed at that time.
- 19 Q. So it sounds like you did a literature search.
- Anything else that you reviewed in
- 21 preparation of preparing your declaration other than the
- 22 literature search and what's cited in your declaration?
- 23 A. And there were also -- so the -- Medtronic and
- 24 Teleflex have on their websites, they have a lot of
- 25 product brochures, so I -- various things, for example,

ge 7

- guide catheter internal dimensions.
 There -- I often worked in millimeters in
- 2 There -- I often worked in immineters i
- 3 the metric system, but it's often put in inches; so I
- 4 often had to go on and just refresh my memory between the
- 5 two of them. So I would say that academic literature
- 6 review and on the -- the companies' websites to look at
- 7 their product, I/F, the instruction for use manuals.
- 8 Q. All right. So a literature search, product 9 literature.

10 Anything else?

- 11 A. There may be others, but that's the main ones
- 12 that I can recall just now.
- 13 Q. Now, your declaration, Doctor, doesn't contain
- 14 any experiments or tests that you performed, correct?
- 15 A. Correct.
- 16 Q. Did you perform any experiments or tests in
- 17 preparation of your declaration?
- 18 A. Could you be more specific?
- 19 Q. Yeah, so it sounds like, if I understand your
- 20 testimony correctly, Doctor, that you worked with the
- 21 attorneys to draft your declaration; that you also
- 22 performed a literature search; and looked at product
- 23 literature on-line.
- 24 Correct so far
- 25 A. That and my experience with using guide

3 (Pages 6 - 9)

Veritext Legal Solutions

veritext com 888-391-3376

Page 10 Page 12

- 1 extension catheters over the past 16, 17, 18 years.
- 2 Q. Okay. I understand you're a practicing 3 physician.
- 4 So setting that experience aside, I just
- 5 want to know whether you performed any tests as you were
- 6 preparing your declaration?
- 7 A. Not for the preparation of this, but I have
- 8 performed experiments with guide catheter extensions, but
- 9 I did not --
- 10 Q. And those --
- 11 A. I did not use that for the purposes of my
- 12 declaration.
- 13 Q. And the experiments you mentioned with guide
- 14 catheters, was that performed in your capacity as a
- 15 practicing physician or in the capacity of this
- 16 litigation?
- 17 A. Practicing physician. It was nothing to do
- 18 with this litigation. It preceded it by a few years.
- 19 Q. Doctor, how long did you spend preparing for
- 20 today's deposition?
- 21 A. Today's deposi -- do you mean the hours I've
- 22 spent in total working on this?
- 23 Q. We'll get to that -- we'll get to that question
- 24 in just a second, Doctor.
- I just want to know, let's say, over the

- 1 spent in this case or retained for Teleflex on this
- 2 matter?
- 3 A. So I think -- and I know this -- I spent 68
- 4 hours up until early October, and then in the past two to
- 5 three weeks close to another 30 hours.
- 6 Q. All right. Doctor, I'd like you to flip to
- 7 your CV in your declaration. It's on page 144.
- 8 And when I say page 144, I mean the pages
- 9 in the lower left, the bolded numbers. We'll go off
- 10 those today.
- 11 A. I have it.
- 12 Q. Great.
- So my first question, Doctor given that
- 14 I am not familiar with how medical school works in the
- 15 U.K. so in 1995 you got an MB ChB.
- 16 Can you explain what that is?
- A. It's Latin. Medical bachelor, Chirurgiae
- 18 bachelor. So it basically means a bachelor of medicine
- 19 and a bachelor of surgery. The equivalent would be M.D.
- 20 in North America.
- 21 Q. All right. So I'm assuming then that you
- 22 didn't do any PCI procedures during medical school,
- 23 correct?
- 24 A. Correct.
- Q. And just so that we're on the same page, what

Page 13

1 last two weeks, how much time did you spend preparing for

- 2 your deposition?
- A. In the last two weeks, I would imagine -- I
- 4 can -- I'd have to look at my laptop, but it's probably
- 5 close to 20, maybe even 30 hours.
- 6 Q. And was anyone else involved with you in those 7 preparations?
- 8 A. So a lot of the reading and preparation was
- 9 done at home on my own, and then I've had a few telephone 10 calls with counsel.
- 11 Q. Okay. And anyone other than counsel?
- 12 A. The chief counsel for Teleflex was on one call,
- 13 and I believe the chief medical officer.
- 14 Q. All right. In preparing your deposition, did
- 15 you review any materials other than those cited in this 16 declaration.
- 17 (Mr. Buller entered the videoconference.)
- 18 A. Again, so I would have looked at product
- 19 brochures just to refresh my memory, because I've read so
- 20 much stuff; but essentially, mainly around the
- 21 declaration.
- Q. All right. Doctor, you mentioned that you
- 23 spent roughly 20 to 30 hours preparing for your
- 24 deposition over the last two to three weeks.
- 25 How many hours would you say, roughly, you

- 1 is a PCI procedure?
- 2 A. So PCI stands for percutaneous coronary
- 3 intervention. Previously it was called PTCA, which is
- 4 percutaneous transcutaneous or transluminal coronary
- 5 angioplasty.
- 6 And it involves -- there are many
- 7 iterations that are done. Historically, a PCI was a
- 8 plain old balloon angioplasty, POBA; and it was first
- 9 described in 1977. The main issue with that was the
- 10 higher rate of renarrowing, or restenosis; so the
- 11 blockage would come back fairly quickly.
- 12 And in 1988, the first man or first human
- 13 stent implantation was described. And a stent is a
- 14 metal -- oh, it's like a little spring or scaffolding
- 15 that is on top of a balloon and is put in the artery; and
- 16 when the balloon is withdrawn, the stent remains there.
- 17 So currently a PCI procedure would usually
- 18 involve balloon dilatation of an artery and subsequent
- 19 stent implantation. There are various derivations of
- 20 that where with more diffuse disease, a special balloon 21 is used, a drug-coated balloon, rather than putting a
- 22 stent in if the artery is not suitable for a stent. And
- 23 sometimes other procedures, such as atherectomy a
- 24 performed and occasionally no stent implanted.
 - Q. So I have sometimes heard of PCI being formerly

4 (Pages 10 - 13)

Page 16 Page 14

- 1 known as angioplasty with a stent.
- 2 Do you agree with that characterization?
- A. It is one characterization that is used, but
- 4 the field has evolved. And in the field of complex PCI,
- 5 often we have to use PCI with no stent, so a drug-coated
- 6 balloon angioplasty. But angioplasty with a stent is --
- 7 could be used.
- Q. All right. So it looks like your first stop
- 9 after medical school was a JHO in medicine starting in
- 10 August of 1995. Correct?
- A. Correct.
- 12 Q. And what does JHO stand for?
- 13 A. It stands for junior house officer. It's
- 14 the -- it's the equivalent of an internship. It's where
- 15 you get abused and have to work 120 hours a week for very
- 16 little pay. It's the equivalent of an internship. And
- 17 it's been -- thankfully it's been sort of made redundant.
- 18 There's not a formal training.
- 19 Q. So that's similar to what would be considered a
- 20 residency in America?
- A. So the SHO is more akin to residency. It was
- 22 more -- we called it "internship," where you really --
- 23 you did everything for a year; six months of general
- 24 medicine and six months of general surgery.
- Q. All right. So I'm assuming, then, that you

- 1 Brompton Hospital in London, I did scrub in for a few,
- 2 purely as an assistant. And when I was working at
- 3 cardiac intensive care at the Brompton, I did -- I did
- 4 not do them then.
- Q. All right. So just to make sure I understand,
- 6 Doctor. We've discussed up until August of 1999.
- And at this point you've observed a few
- 8 PCI procedures, but have not yet performed your own PCI
- procedure, correct?
- A. I have not performed solo, but I have scrubbed
- 11 in and assisted.
- 12 Q. Maybe I can short-circuit this.
- 13 When did you perform your first PCI
- 14 procedure where you were in charge of it?
- A. That would be when I was -- October of 2000 --
- 16 no, actually, I beg your pardon.
- 17 It would have been when I was working at
- 18 King George Hospital, Ilford. I used to go to the London
- 19 Chest Hospital one day a week, and I performed PCI there.
- I was working -- I was a -- I did the
- 21 procedure, but I was under the direct supervision of a
- 22 staff cardiologist.

25 procedure?

- 23 Q. Do you remember, ballpark, in that yearlong
- 24 residency, when you would have performed that first

Page 15

Page 17

- 1 didn't perform any PCI procedures in either of your JHO 2 positions?
- A. I did not perform PCI, but I looked after PCI 3 4 patients, correct.
- Q. And did you -- you looked after PCI patients.
- 6 Did you observe or watch PCI procedures in
- 7 either of your JHO positions?
- A. I was expressing an interest in cardiology, and
- 9 I did observe a few from afar, from the control room
- 10 behind the screen.
- Q. All right. So I want to then move to the 1996
- 12 to 1998 time period -- or 1999 period.
- 13 What does SHO stand for?
- 14 A. Senior house officer.
- 15 And that is more akin to the residency
- 16 program in North America.
- Q. And during either or any of your -- because you
- 18 have three of them -- during any of your SHO stops, did
- 19 you perform a PCI procedure?
- A. So I scrubbed in and did -- so in -- let me
- 21 just go through this.
- In 19 -- August '96 to August '98, when I
- 23 was in Glasgow, in Scotland, I witnessed a few, but did
- 24 not participate in them. Between August '98 and February
- 25 '99, when I was working as a resident, or an SHO, at

- A. So I started in October. It
- 2 would probably have -- it would have been -- not in the
- 3 first couple of months. It would have been in the early
- 4 months of 2002.
- Q. And during your time at King George Hospital,
- 6 roughly, how many PCI procedures would you have
- A. That -- between the early months of 2002 and
- September of that year, probably 20, maybe 30.
- This is dim memory, so I -- that may be an
- 11 underestimate because it was a busy hospital.
- Q. And then at your next stop, which is St.
- 13 Bartholomew, roughly, how many PCI procedures do you
- 14 think you performed?
- 15 A. A lot. 300.
- Q. All right. So when would you say you performed
- 17 your first complex PCI procedure?
- 18 A. Probably in St. Bartholomew's Hospital.
- 19 Q. All right. So that would have been sometime
- 20 between October of 2002 and March of 2005?
- 21 A. Yes. So there were two hospitals in the
- 22 rotation, London Chest and St. Bartholomew's. So
- 23 unfortunately both of them -- actually, St. Bartholomew's
- 24 is still in existence, but the Chest was subsumed into
- 25 St. Bartholomew's; but we would spend either six months

Veritext Legal Solutions

DOCKET

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
