

Exhibit 42

Representative Claim Chart of Domestic Industry of Claims 1-7, 9, 11-19, 21, 23-26 in U.S. Patent. No. 9,901,123 by the VUSE Vibe Device

Claim 1	Corresponding Elements in the VUSE Vibe Device
An electrically-powered, aerosol-generating smoking article [10] comprising:	<p>VUSE Vibe is an electrically-powered, aerosol-generating smoking article.</p>  <p>10</p>
an electrical power source [36] within a tubular outer housing [20] having a mouth-end [15] and an end distal to the mouth-end [13];	 <p>10</p> <p>15</p> <p>13</p> <p>20</p> <p>36</p>

at least one electrical resistance heater [70, 72] powered by said electrical power source [36];

The vaporizer screw is made from brass and is nickelplated. This component engages the female threads on the power unit and forms part of the electrical circuit between the ground lead of the heater coil and the power unit ground.

a puff-actuated controller [50] within the tubular outer housing [20] and adapted for regulating current flow through the electrical resistance heater [70, 72] during draw, the controller [50] comprising a sensor [60] adapted for sensing draw on the smoking article [10] by a user; and

	<p>The PCBA drives the heater coil and two LEDs and is connected to the pressure sensor, the battery PCM and the battery electrode using solder. The pressure sensor is a commercial off-the-shelf (COTS) item that detects vacuum draw on the device relative to ambient pressure, which gains access to the pressure sensor by two thru holes in the PCBA.</p>
<p>a rod-shaped carrier device engaged with the mouth-end [15] of the tubular outer housing [20] and comprising a cartridge [85] providing a liquid storage compartment containing a mixture comprising a tobacco extract and an aerosol-forming material absorbed within an absorbent fibrous material, the cartridge having a generally tubular shape and adapted for airflow therethrough;</p>	

	      <p>(polypropylene liquid tank) (polypropylene filter) (fiber disk) (stainless steel plate) (vaporizer silicone base)</p>  <p>85</p>
<p>wherein the rod-shaped carrier device is operatively positioned such that, during draw, the mixture comprising the tobacco extract and the aerosol-forming material can be wicked into contact with the electrical resistance heater [70, 72] and volatilized to produce a visible mainstream aerosol</p>	 <p>10</p>

incorporating tobacco components or tobacco-derived components that can be drawn into the mouth of the user of the smoking article.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
