ORDER

Currently before the Court are Objections filed by the parties to the following orders and reports of the Magistrate Judge:

I. OBJECTIONS AT DKT. NO. 187

Defendant Supercell Oy previously filed a Motion to Strike Plaintiff GREE, Inc.’s Technical Expert, Dr. Robert Akl, for Improper Claim Construction. (Dkt. No. 115.) Magistrate Judge Payne entered a Memorandum Order denying Supercell’s motion. (Dkt. No. 179.) Supercell has now filed Objections (Dkt. No. 187), with Plaintiff GREE, Inc. filing a Response (Dkt. No. 200).

After reviewing the briefing on the motion, and the briefing on Supercell’s Objections, the Court agrees with the reasoning provided within the Memorandum Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** Supercell’s Objections (Dkt. No. 187) and **ADOPTS** Judge Payne’s Memorandum Order (Dkt. No. 179).

II. OBJECTIONS AT DKT. NOS. 191 AND 192

Supercell previously filed a Motion for Summary Judgment of No Infringement of U.S. Patent Nos. 10,076,708 and 10,413,832 (Dkt. No. 120). Magistrate Judge Payne entered a Report and Recommendation (Dkt. No. 183), recommending denial of Supercell's motion. Supercell has now filed Objections (Dkt. No. 192), with GREE filing a Response (Dkt. No. 209). GREE, Inc. has also filed Objections (Dkt. No. 191), with Supercell filing a Response (Dkt. No. 208).

After conducting a *de novo* review of the briefing on the motion, the Report and Recommendation, and the briefing on both Supercell's and GREE's Objections, the Court agrees with the reasoning provided within the Report and Recommendation and concludes that the Objections fail to show that the Report and Recommendation was erroneous. Consequently, the Court **OVERRULES** Supercell's Objections, **OVERRULES** GREE's Objections, **ADOPTS** the Report and Recommendation and orders that the Motion for Summary Judgment of No Infringement of U.S. Patent Nos. 10,076,708 and 10,413,832 (Dkt. No. 120) is **DENIED**.

III. OBJECTIONS AT DKT. NO. 231

Supercell previously filed a Motion to Strike Portions of Plaintiff GREE, Inc.'s Technical Expert Dr. Robert Akl Regarding Previously Undisclosed Infringement Opinions (Dkt. No. 116). Magistrate Judge Payne entered a Memorandum Order (Dkt. No. 211), denying Supercell's motion. Supercell has now filed Objections (Dkt. No. 231), with GREE filing a Response (Dkt. No. 240).

After reviewing the briefing on the motion, Judge Payne's Memorandum Order, and the briefing on Supercell's Objections, the Court agrees with the reasoning provided within the Memorandum Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** Supercell's Objections (Dkt. No. 231) and **ADOPTS** Judge Payne's Memorandum Order (Dkt. No. 211).

IV. OBJECTIONS AT DKT. NO. 250

Supercell previously filed a Motion for Summary Judgment of Invalidity for Failure to Claim Patent-Eligible Subject Matter Under 35 U.S.C. § 101. (Dkt. No. 119.) Magistrate Judge Payne entered a Report and Recommendation (Dkt. No. 243), recommending grant-in-part of Supercell's motion. Supercell has now filed Objections (Dkt. No. 250).

After conducting a *de novo* review of the briefing on the motion, the Report and Recommendation, and the briefing on GREE's Objections, the Court agrees with the reasoning provided within the Report and Recommendation and concludes that the Objections fail to show that the Report and Recommendation was erroneous. Consequently, the Court **OVERRULES** GREE's Objections and **ADOPTS** the Report and Recommendation and orders that the Motion for Summary Judgment of Invalidity for Failure to Claim Patent-Eligible Subject Matter Under 35 U.S.C. § 101 (Dkt. No. 119) is **GRANTED-IN-PART**.

V. OBJECTIONS AT DKT. NO. 234

On March 10, 2021, Magistrate Judge Payne overruled GREE's objection to Supercell's trial exhibit DX-0130, and preadmitted the exhibit. On April 23, 2021, GREE requested reconsideration of the preadmission of DX-0130. GREE has now filed Objections (Dkt. No. 234), with Supercell filing a Response (Dkt. No. 241). Judge Payne also has now reconsidered the preadmission of DX-0130 and ordered the preadmission proper (Case No. 2:19-cv-00200-JRG-RSP, Dkt. No. 269 at 11–13).

After reviewing the briefing on GREE's Objections, the Transcript of Proceedings held on March 10, 2021 (Case No. 2:19-cv-00200-JRG-RSP, Dkt. No. 251), and Judge Payne's Order, the

Court agrees with the reasoning provided within the Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** GREE's Objections (Dkt. No. 230.)

So ORDERED and SIGNED this 29th day of April, 2021.
