In so stipulating, Samsung seeks to avoid multiple proceedings addressing the validity of the patents in suit based on the same grounds. Rather, consistent with Congressional intent, Samsung wishes the patentability of these patents over those grounds to be addressed at the Board. But, for the sake of clarity and to avoid any doubt, if the PTAB declines institution of one or more IPRs, Samsung reserves the right to pursue all grounds in this litigation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tiffany Miller', written over a faint circular stamp.
