IPR2021-00473 (Patent 10,589,320 B1)

PROCEEDINGS

10:00 a.m.

JUDGE MEDLEY: Good morning, this is the consolidated hearing for IPRs 2021-00471, 472 and 473 between Petitioner, Apple, and Patent Owner, GUI Global Products. I am Judge Medley and with me are Judges McShane, Ullagaddi. At this time, we'd like the parties to please introduce counsel for the record beginning with petitioner.

MR. RENNER: Good morning, Your Honor. This is Karl Renner from Fish & Richardson and I'm joined by Kenneth Darby also from Fish & Richardson and Andrew Patrick and Kim Leung.

JUDGE MEDLEY: And will you be presenting arguments today, Mr. Renner?

MR. RENNER: I will, Your Honor. Thank you.

JUDGE MEDLEY: Thank you. Okay and for patent owner?

MR. FAHMI: Good morning, Your Honor.

JUDGE MEDLEY: Good morning.

MR. FAHMI: This is Tarek Fahmi on behalf of the patent owner. With me is the lead counsel, Jeffrey (Telephonic interference.)

JUDGE MEDLEY: Mr. Fahmi, you're breaking up.

MR. FAHMI: Okay, I'll see if there's a problem I can fix.

JUDGE MEDLEY: Yes, I'm only hearing like every few words that you're saying.

MR. HAYWOOD: Okay, let me check my settings here.

IPR2021-00471 (Patent 10,259,021 B2)  
IPR2021-00472 (Patent 10,562,077 B2)  
IPR2021-00473 (Patent 10,589,320 B1)

1 JUDGE MEDLEY: Okay, we'll go ahead then and I'll just keep  
2 rolling with the introduction. I'd like to remind the parties that this hearing  
3 is open to the public and the resulting transcript will be available to the  
4 public. Each party has 60 minutes total time to present arguments. The  
5 petitioner will proceed first and may reserve some of its argument time to  
6 respond to arguments presented by patent owner. Thereafter, patent owner  
7 will respond to petitioner's presentation and may reserve argument time for  
8 surrebuttal.

9 The parties are reminded that any responsive argument presented  
10 must respond only to the arguments made by opposing counsel in the  
11 previous presentation. Are there any questions regarding the presentation  
12 order?

13 MR. RENNER: No, Your Honor.

14 JUDGE MEDLEY: Okay. And petitioner, do you wish to reserve  
15 some of your time to respond?

16 MR. RENNER: I would. I'd like to reserve 30 minutes, please.

17 JUDGE MEDLEY: Okay. And then patent owner, do you wish to  
18 reserve time to respond?

19 MR. FAHMI: Yes, please, Your Honor, 20 minutes.

20 JUDGE MEDLEY: Okay. And just to let you know we will take a  
21 brief break following petitioner's initial presentation. Petitioner, when you  
22 are ready, you may proceed.

IPR2021-00471 (Patent 10,259,021 B2)  
IPR2021-00472 (Patent 10,562,077 B2)  
IPR2021-00473 (Patent 10,589,320 B1)

1           MR. RENNER: Thank you, Your Honor. We'll leave the record for  
2 reference instead of showing slides, but if there's anything you'd like me to  
3 show on the screen, please just let me know. I'll direct you, please, to our  
4 demonstratives at slide two, where you'll find a table of contents for them.  
5 In that table of contents, you'll see that we've offered roughly 90 slides  
6 today. We're not planning to walk through those laboriously. We'll instead  
7 be focusing our attention primarily on Issue Number One in the slides,  
8 relating to Issue Number One. That issue, of course, dominated the written  
9 record with nearly half the pages offered by the patent owner's response and  
10 the surreply given to the issue of combined ability. So, getting right to that  
11 if we could, I'd move to slide four please. One moment please.

12           The primary reference here Gundlach is shown here and one  
13 moment, if I could please, Your Honor, I've got a technical issue on my side.  
14 If I could pause for a second, I've got to get something right here on the  
15 slides. One moment please.

16           MR. SLAY: Hello? I'm afraid your system's on mute. I'm not sure  
17 if you have a local mute button.

18           MR. RENNER: It is, Your Honor, sorry about that. We're trying to  
19 get a technical issue resolved on the machine that I've gotten from you. Just  
20 one moment, if I could please.

21           JUDGE MEDLEY: If it's helpful, we have the slides. You could  
22 just call out the slides that you are looking at and we can proceed that way.  
23 And you're muted, if you're trying to talk.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
