(57) **ABSTRACT**

A charging unit for an electrical device such as a headset. The charging unit is designed to minimize the envelope of the unit when the outlet interface prongs are in the stowed position. The charging unit minimizes the use of space when plugged into an outlet or into an outlet strip. A kit including a charging unit, an coupler adapted to hard mount a headset to the charging unit while charging, and a power cord adapted to connect to a headset to charge the headset while the headset is at a position further from the charging unit.
