The screenshot shows the Wireless Power Consortium website. At the top, there is a navigation bar with the logo and the text "WIRELESS POWER CONSORTIUM". Below this is a search bar and a language selector set to "English". A secondary navigation bar contains links for HOME, ABOUT US, TECHNOLOGY, DEVELOPERS, NEWS, CONTACT, and MEMBERS. The main content area is titled "Wireless Power Consortium Members" and indicates there are 91 companies. It provides a search interface with a "Choose category" dropdown (set to "- select -") and an "Enter the company name" text input. A list of 91 member companies is displayed in two columns, including: Alps Electric Co., Ltd., Atmel, AudioDev, AVID Technologies Inc., Belkin International, Inc., Best Buy, Bothhand Enterprise Inc., Callpod, Cetecom GmbH, Compal, Continental Automotive, ConvententPower, D.L.S. Electronic Systems, Inc., Delta Energy Systems (Arizona) Inc., Denso Corporation, E & E Magnetic Products, Energizer, Ever Win, Faraday Technology Corporation, France Telecom SA, Freescale Semiconductor, Fulton Innovation, Funkwerk Dabendorf, Haier, Hanrim Postech Co., Ltd., Hosiden Corporation, HTC Corporation, National Semiconductor, Nidigo Business B.V., NEC Corporation, Nokia, NTS, Panasonic, Pantech Co., Ltd., paragon AG, Philips Electronics, Powerkiss, Powermat Ltd., Primax Electronics Ltd., radius co., ltd., Rohm Co., Ltd., RRC power solutions GmbH, Salcomp Plc, Samsung, Samsung Electro-Mechanics Co., Ltd., Sangfei, Sanyo, Scosche Industries, SixEye Interactive Ltd., Softbank BB Corp., Sony-Ericsson, Spectrum Brands Inc., ST-Ericsson, and Stanley Black & Decker. On the left side, there is a sidebar with links for "Our vision", "Our logo", "Membership benefits", "Conditions for regular membership", "How to become a member", and "Member List". Below these links is a "Blog" section with two entries: "07/28/2011 QI certification service in Taiwan" and "07/16/2011 The QI product pipeline". At the bottom of the sidebar is the Qi logo with the text "The sign of Interoperability".
