

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

APPLE INC.,
Petitioner,

v.

KOSS CORPORATION
Patent Owner

Case IPR2021-00592
Patent 10,469,934

PETITIONER'S UNOPPOSED MOTION TO SEAL

Pursuant to 37 C.F.R. §§ 42.14 and 42.54, Petitioner Apple Inc. respectfully requests the Board to authorize the filing under seal of certain filings in this case, including the Joint Agreement Regarding Additional Discovery filed concurrently herewith. The parties have met and conferred on this Motion, and Patent Owner does not oppose.

Petitioner requests that the default Protective Order govern the materials in this proceeding. Pursuant to the Trial Practice Guide, 77 Fed. Reg. 48,756, 48,770, a copy of the acknowledgement page of the default Protective Order signed by Lead Counsel of Petitioner is attached hereto as Attachment A.

Good cause exists to seal the Joint Agreement Regarding Additional Discovery. Public disclosure of the Joint Agreement Regarding Additional Discovery has the potential to significantly harm Petitioners' competitive position because it would allow competitors to access highly sensitive information regarding litigation strategy and Petitioners' financial data. For these reasons, Petitioner has designated the Confidential Materials as "Protective Order Material" under the default Protective Order.

Undersigned counsel, on behalf of Petitioner, certifies that the information sought to be sealed has not, to their knowledge, been published or otherwise made public by Petitioner.

Respectfully submitted,

Date: December 15, 2021

/W. Karl Renner/

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
