**PURSUANT TO LOCAL PATENT**  
**RULE 4-3**

Plaintiff Ancora Technologies and defendant TCT Mobile (US) Inc., Huizhou TCL Mobile Communications Co., Ltd., and Shenzhen TCL Creative Cloud Technology Co., Ltd. submit this Joint Claim Construction and Prehearing Statement.

Attached hereto as Exhibit A is a table setting forth the claim terms/phrases for which the parties have agreed on construction.

Attached hereto as Exhibit B is a table setting forth the claim terms/phrases that are disputed and therefore request that the Court construe, along with the intrinsic and extrinsic evidence on which the parties currently intend to rely upon.

The parties have narrowed the terms in dispute to the seven terms that the parties believe will be most significant to this case, in accordance with the Court's Scheduling Order (Dkt. No. 34). Subject to further investigation by the parties, only the five terms impacting independent claim 1 have the potential to be case dispositive.

The parties anticipate that the length of time necessary for the Claim Construction Hearing will be two hours.

Neither party proposes to call any live witnesses at the Claim Construction Hearing.

Neither party requests specific factual findings from the Court outside of the Claim Construction decision.
