[PROPOSED] THIRD AMENDED JOINT SCHEDULING ORDER

The parties hereby propose changing the deadlines for remaining claim construction filings in light of the change in hearing date, and in order to accommodate Plaintiff's expert's limited availability for deposition.¹ The parties have further agreed to forego a technical tutorial in this case.

| Date | Event |
|--------------|---|
| May 13, 2021 | Plaintiff shall serve preliminary ² infringement contentions in the form of a chart setting forth where in the accused product(s) each element of the asserted claim(s) are found. Plaintiff shall also identify the priority date (i.e. the earliest date of invention) for each asserted claim and produce: (1) all documents evidencing conception and reduction to practice for each claimed invention, and (2) a copy of the file history for each patent in suit. |
| May 27, 2021 | The Parties shall submit an agreed Scheduling Order . If the parties cannot agree, the parties shall submit a separate Joint Motion for entry of each Order briefly setting forth their respective positions on items where they cannot agree. Absent agreement of the parties, the Plaintiff shall be responsible for the timely submission of this and other Joint filings. |
| July 8, 2021 | Defendant shall serve preliminary invalidity contentions in the form of (1) a chart setting forth where in the prior art references each element of the asserted claim(s) are found, (2) an identification of any limitations the Defendant contends are indefinite or lack written description under section 112, and (3) an identification of any claims the Defendant contends are directed to ineligible subject matter under section 101. Defendant shall also produce (1) all prior art referenced in the invalidity contentions and (2) technical documents, including |

¹ Defendants Volkswagen Group of America, Inc. ("VW") and Hyundai Motor America ("HMA") believe this order should not be entered at this time, and this litigation should not go forward in this Court, unless and until their respective motions to dismiss for improper venue are denied. VW and HMA join this proposed schedule only because they brought these concerns to the Court, and the Court stated on May 17, 2021 via email: "The Court will not stay the cases pending rulings on the motions to dismiss/transfer. Pursuant to the Court's Standing Order Regarding Motion(s) for Inter-District Transfer, the Court will rule on these motions before Markman hearing."

² The parties may amend preliminary infringement contentions and preliminary invalidity contentions without leave of court so long as counsel certifies that it undertook reasonable efforts to prepare its preliminary contentions and the amendment is based on material identified after those preliminary contentions were served, and should do so seasonably upon identifying any such material. Any amendment to add patent claims requires leave of court so that the Court can address any scheduling issues.
